The District may dismiss a sexual harassment complaint if it does not meet the requirements for investigation specified in District policy. IV. SEXUAL HARASSMENT INVESTIGATIONS

The District fairly and objectively investigates sexual harassment complaints. If a student complainant requests confidentiality when reporting sexual harassment, or that no investigation or disciplinary action be pursued to address alleged sexual harassment, the District takes the request seriously, while at the same time considering its responsibility to provide a safe and nondiscriminatory environment for all students, including for the complainant. The District shall normally grant the request when possible.

An official investigation commences upon notice of the investigation to all involved parties. Data included in the following Figure does not account for formal complaints resolved prior to the completion of a final investigative report.

Factors that contribute to the length of an investigation include, but are not limited to, party and witness availability and responsiveness, number of parties and witnesses, allegation complexity, and concurrent law enforcement or other agency investigations.
