## **El Camino College Compton Center to Open Molina Health Center Feb. 14, 2017**

For the first time ever, El Camino College Compton Center will have a student health center, which is scheduled to open Feb. 14, 2017.

“We are pleased to announce the long-anticipated opening of the Molina Health Center,” said Keith Curry, provost of El Camino College Compton Center. “Students now have access to free services that will improve their overall health and well-being so they can focus on their educational goals.”

The facility, to be located in M-4 near Campus Police and the Gymnasium, will be operated by Long Beach-based Molina Medical Clinic, a subsidiary of Molina Healthcare, a national health care company.

The on-campus health center is the first of its kind for Molina Medical Group and it will be staffed by a nurse practitioner and two medical assistants, for a nominal fee of \$19. The Health Center will offer physicals; treatment for colds, flu and ear infections; family planning, including pregnancy tests; and health care education. For an additional cost, flu and hepatitis vaccines will also be available.

The center will be open from 8:30 a.m. to 5:30 p.m. Tuesdays and Wednesdays and 11 a.m. to 7 p.m. Thursdays. Walk-ins and same-day appointments will be accepted, and students will have 24/7 access to request appointments, see test results, order prescription refills and more through the MyChart app or website.

“We are honored and excited to have the unprecedented opportunity to offer high-quality care health care to the hard working students of El Camino College Compton Center,” said Gloria Calderon, president of Molina Medical Management. “As a national health care company that started as a single clinic here in Los Angeles County over 35 years ago, we have long history of providing quality care. We look forward to opening our doors this spring.”
