Community Updates

Community Job & Resource Fair

The Compton Community Health Professions Partnership (CCHPP) recently participated in the Los Angeles County America's Job Center/KRA Corporation (AJCC) job and resource fair.

The event was hosted at the Martin Luther King Jr. Hospital in collaboration with the local AJCC. Various community resource organizations and employers were present to engage with community members seeking employment, career advice, and resources.

CCHPP connected with dozens of attendees interested in healthcare careers and community support services offered by our partners. Alongside CCHPP, Compton College's apprenticeship specialist shared information about the College's career and technical education (CTE) programs.
