Category	16. Discussion/Action
Subject	16.03 Institutional Set Goals through 2023-2024 (Measures)
Type	Action, Discussion, Information
Recommended Action	It is recommended the Board of Trustees discuss and approve the November 2022 Compton College Institutional-Set Goals update.
Goals	2.2. Continue to review and monitor the Compton College Institutional-Set Goals.

Background

Compton College has established Institutional-Set Goals to measure its progress toward its overarching goals and strategic initiatives outlined in the [Compton College 2024 plan](#). These Institutional-Set Goals were defined by multiple stakeholders through Planning Summits in fall 2018, spring 2019, refined in the Compton College 2024 plan vetting process, then updated in October 2021 and now again in November 2022, and are presented to the Board of Trustees during their November 21, 2022, board meeting. In this latest iteration, the Office of Institutional Effectiveness has provided disaggregation by age. This document (attached) provides current rates and counts for the measures and targets to achieve by 2023-2024. These measures are aligned with the California Community Colleges [Vision for Success](#) Initiative.

Recommendation

It is recommended the Board of Trustees discuss and approve the November 2022 Compton College Institutional-Set Goals update.
