It is a critical role to serve as curriculum is the face of the college. As the new semester begins, she wants the committee to be more thorough and thoughtful in their review and recommendations. Make sure that the course proposals are complete, that requested revisions have been addressed. It is important that Compton's course outlines are complete as we want to be able to articulate as many courses as possible.
Be advised of BP 4020 Program, Curriculum and Course Development and BP 4025 Philosophy and Criteria for Associate Degree and General Education. Both were sent to the board of trustees in November 2019. She suggested the curriculum committee work with the Academic Senate representative to review and make any recommended revisions. She will send copies to S. Moore and he will post to the committee's OneDrive.

She reminded the committee of the visit by the Chancellor's office on Friday, March 6th and encouraged everyone to attend.

- b) **Curriculum Analyst:** No report
