 - 47 Non-DE Approved
 - Fall
 - 238 Courses Offered
 - 90 DE Approved
 - 148 Courses Non-De Approved (Including 1 Hybrid CHEM-102 and Courses identified in yellow)
 - This is a total of 195 courses which require approval of a DE addendum by December 31, 2020. (see attached)
 - i) S. Moore suggested there be some discussion about the possibility of the committee meeting over the summer to approve the courses though the logistics are not clear at this time on the review process.
 - ii) C. Diaz- This is an important topic to discuss early since faculty do not get paid over the summer.
 - iii) M. McIntosh- All UC campuses will be offering courses online. Fall semester has not been announced yet.
 - iv) A. Yahye- The division deans were informed that day, Compton College will be offering all summer courses online.
 - v) G. Valle commented that it is his understanding non-DE courses will not be offered for summer and fall. J. Phillip clarified that there will be a blanket DE approval so that courses may be offered in summer and fall. The caveat is that the DE addendum need to be approved by the end of the year for accreditation.
- b) **Emergency Temporary Distance Education Blanket Addendum for Summer 2020 or Fall 2020**
document from the Chancellor's Office to the Chief Executive Officers, Chief Institutional Officers, and Chief Student Services Officers from Marty J. Alvarado, Executive Vice Chancellor, Educational Services & Support. "Given the current recommendations by the State of California, all colleges are

required to submit an addendum for Summer 2020 by May 20, 2020, in preparation for the likelihood that most instruction will continue to be conducted via distance education. Additionally, it is strongly recommended that colleges plan to submit an addendum for Fall 2020 by July 1, 2020, given current indications that the Covid-19 pandemic may last beyond Summer 2020.”

i) A Zoom meeting was held on Wednesday April 29, 2020 at 10:00 a.m. with Sean Moore, Dr. Keith Curry, Barbara Perez, and Maya Medina to discuss revising Non-DE courses offered in Summer 2020 and Fall 2020. The timeline is sensitive, and the approval deadline goal of December 31, 2020 is challenging. As a result, we are currently discussing and creating a plan of action that includes disseminating information to the deans, division chairs, and faculty of all courses requiring DE approvals by December 31, 2020 as soon as possible. Additional updates will be provided. S. Moore- Updated lists for assigned faculty should be developed based on this.

7) **Consent Agenda Items:** J. Phillips requested to add the list courses that the Distance Education Addendum Sub Committee approved at their last meeting as Informational Items. C. Diaz moved to approve. A. Yahye seconded. M/S/P List of courses will be added to Informational Items.

i) LIBR 101 - Introduction to Library Information Science

d) Distance Education Addendum Review and Approval:

i) LIBR 101 - Introduction to Library Information Science

e) Emergency DE Addendum Statement – Fully Online by Mutual Agreement:

i) The purpose of this language is to address the need for courses that have extensive lab work and/or are “difficult to teach online” but are being offered in the online modality only in the case of an emergency (i.e. CTE courses such as nursing, cosmetology, air conditioning etc.) Other colleges have added a check box on the DE Addendum stating the following information for the purpose of approving the course for the online modality only in the case of an emergency:

“If the President of the college has issued a state of emergency, then this course can be offered Fully Online by “Mutual Agreement.” The “Mutual Agreement” indicates the assigned faculty will be consulted by the Dean & the Faculty Division Chair to discuss the schedule changes of offering these courses online in the present and subsequent semesters/terms.”

J. Phillips- With this statement, it shows the faculty remain a part of the discussion in offering these courses in an altered modality and part of the process of what should be scheduled in subsequent semesters. The DE Sub Committee has reviewed the statement.

ii) S. Moore- After the statement is approved by the Academic Senate and Board of Trustees approval, we can request to have this added to the Curriqunet system. S. Moore called for a motion to approve the Emergency DE Addendum Statement.

iii) C. Diaz moved to approve the Emergency DE Addendum Statement- Fully Online by Mutual Agreement as presented. S. Johnson seconded. M/S/P- Approved

f) Revised Compton College Curriculum Handbook – Academic Senate Review of Courses and Distance Education Addendum Approval Processes statements: S. Moore- Recommended revisions are as follows:

(1) Academic Senate is required to conduct solely a first read and vote to approve each course proposal (e.g. new courses, course review, discontinued courses, distance education course offerings, etc.). After the Academic Senate’s approval, the courses are sent to the Board of Trustees for final approval; and

(2) The Distance Education Curriculum Subcommittee (DECS) representatives notify the faculty member (designated as the “originator”) in their division that they are the responsible party for reviewing the course outline of record in Curriqunet AND completing the DE Addendum. Faculty will attend the Distance Education Open Lab Workshops where the Distance Education Faculty Coordinator (DEFC) will explain how to fill out the addendum and the faculty member will receive one-on-one assistance in Curriqunet. The faculty members addendum will be placed on the subcommittee agenda for review upon completion by the DEFC. The course will not move forward in the Curriqunet approval process until this technical review has been completed and the subcommittee has voted to approve sending the course forward.

i) H. Estrada moved to accept the revised statements to the Curriculum Handbook as presented. T. Barragan-Echeverria seconded. M/S/P. Approved. The revised statements will be forwarded to Academic Senate for approval.

g) S. Moore- “To further expedite the curriculum approval processes during the COVID-19 pandemic, Non-DE courses that have been approved by Compton College’s Curriculum Committee will only need the DE component revised and approved, versus being reviewed by each member in Curriqunet.”

i) S. Moore gave the example of Cosmetology courses that were reviewed and approved fall 2019. His recommendation, these courses would only have the DE addendum added and not require a full course review and approval since that was recently completed.

ii) J. Phillips stated she does not disagree with his suggestion, however that is not what the statement says. “Recently” is missing from the statement. T. Kler- “Recently” would need to be defined as well. M. McIntosh- In terms of “recently” there needs to be a time given, however, everything in the course outline of record needs to be accurate. The caveat, if something is incorrect, even if a course has come through review within that time frame given, if there is something incorrect, it needs to come through full review to be corrected.

iii) T. Kler moved to table this topic. J. Phillips seconded. M/S/P

8) Future Agenda Items:

i) Continue reviewing courses launched in CurriQunet.

9) Adjourn: 2:59pm T. Kler/C. Diaz
