E. Certification of Continued Compliance with Eligibility Requirements

Eligibility Requirement 1: Authority

The institution is authorized or licensed to operate as a post-secondary educational institution and to award degrees by an appropriate governmental organization or agency as required by each of the jurisdictions or regions in which it operates. Private institutions, if required by the appropriate statutory regulatory body, must submit evidence of authorization, licensure, or approval by that body. If incorporated, the institution shall submit a copy of its articles of incorporation.

Compton College regained its accredited status on June 7, 2017, while operating as El Camino College Compton Center (ER1-01). On August 29, 2018, the Chancellor for the California Community Colleges sent a notice recognizing Compton College as the 114th California community college under the authority of the Compton Community College District (CCCD) Board of Trustees (ER1-02, ER1-03). The CCCD Board of Trustees continues to operate with an appointed Special Trustee with similar authority as what was described when the initial Special Trustee was appointed (ER1-04).

Eligibility Requirement 2: Operational Status

The institution is operational, with students actively pursuing its degree programs.

Compton College has operated continuously since regaining accreditation on June 7, 2017 (ER2-01). Since then, the College has students actively pursuing degree programs (ER2-02). The number of degrees awarded has remained stable since 2017-2018 as expected with the separation from El Camino College with 636 degrees award in 2017-2018 and 640 in 2020-2021. However, as a result of the COVID-19 pandemic and the separation from El Camino College, Compton College has seen a significant decline in certificate awards. The number of certificates awarded declined from 104 in 2017-2018 to 15 in 2020-2021 (ER2-02).

Eligibility Requirement 3: Degrees

A substantial portion of the institution's educational offerings are programs that lead to degrees, and a significant proportion of its students are enrolled in them. At least one degree program must be of two academic years in length.

Compton College offers 42 associate degrees and associate degrees for transfer and 39 credit certificates (ER.3-01). Of the 716 credit courses offered at Compton College, 74 percent apply to a degree or certificate (ER.3-02). All degrees require minimum of 60 units, which requires two academic years of study (ER.3-03, ER.3-04). This requirement is codified in Board Policy 4100: *Graduation Requirement for Degrees and Certificates*, and the accompanying Administrative Regulation 4100 (ER.3-05, ER.3-06). In fall 2021, there were 7,424 enrollments at Compton College and 92.5 percent were in courses leading to a degree or certificate (ER.3-07).

Eligibility Requirement 4: Chief Executive Officer

The institution has a chief executive officer appointed by the governing board, whose full-time responsibility is to the institution, and who possesses the requisite authority to administer board

policies. Neither the district/system chief executive officer nor the institutional chief executive officer may serve as the chair of the governing board. The institution informs the Commission immediately when there is a change in the institutional chief executive officer.

On month day, year, the special trustee approved Dr. Keith Curry as the Interim Chief Executive Officer (CEO) of the Compton Community College District (CCCD) effective on July day, 2011 (ER.4-01). Following the search process initiated in December 2012, on April 16, 2013, the special trustee approved Dr. Keith Curry as the CEO (ER.4-02, ER.4-03). On month day, year, the xxx Board of Trustees appointed the CEO of the CCCD as Provost/CEO of the Compton Center effective July 20, 2015 (ER.4-04). The title Provost/CEO transitioned to President/CEO on June 7, 2017, when Compton College regained its accreditation. The CEO has remained the same since that time. On December 8, 2020, the CCCD Board of Trustees extended the President/CEO's contract through June 30, 2024 (ER.4-05, ER.4-06).

Delegation of authority to the President/CEO is codified in Board Policy 2430: Delegation of Authority to the President/Chief Executive Officer (ER.4-07). The policy clearly states that the President/CEO "shall be responsible for district planning, organization, direction, operation, budget, and management." Additionally, the policy states that the President/CEO is responsible "for administering the policies adopted by the Board." Board Policy 2010: Board Membership articulates that the Board of Trustees consists of five elected members (ER.4-08). Furthermore, the policy states that an employee of the district may not be sworn in or appointed to the governing unless they resign as an employee.

Eligibility Requirement 5: Financial Accountability

The institution annually undergoes and makes available an external financial audit by a certified public accountant or an audit by an appropriate public agency. Institutions that are already Title IV eligible must demonstrate compliance with federal requirements.

Compton College contracts with an external certified public accounting firm to conduct a financial audit annually (ER.5-01, ER.5-02, ER.5-03). The Compton Community College District (CCCD) Board of Trustees receives a presentation on the audit and receives the report at the same time meeting during public session (ER.5-04, ER.5-05, ER.5-06). The financial audits include the District's corrective action plan to address any audit findings. In December 2020, the California Community College Chancellor's Office requests that the Fiscal Crisis and Management Assistance Team (FCMAT) conduct a Fiscal Health Risk Analysis (FHRA) on CCCD. In the January 2022, FCMAT determine that the FHRA score for the District was 10.7 percent, a low risk, which indicates a low probability of fiscal insolvency in the near future (ER.5-07).

Compton College is Title IV eligible. The College's default rates are well under the acceptable rate of 30 percent. The cohort default rate in 2016 was 4 percent, in 2017 was 1.4 percent, and in 2018 was 3.6 percent (ER.5-08). Additional information regarding Compton College's compliance with Title IV can be found in the College's responses to the *Policy on Institutional Compliance with Title IV* and Standard III.D.15.

A. Introduction

College History

The Compton Community College District (CCCD) was established in 1927 as a component of the Compton Union High School District. In 1950, voters approved a bond issue separating the college from the high school district. Construction of the new college campus was completed on the present site. Classes began on the new campus in fall 1956. The Compton Community College District encompasses an area of about 29 square miles, making educational services available to nearly 300,000 residents of Compton, Lynwood, Paramount and Willowbrook, as well as portions of Athens, Bellflower, Carson, Downey, Dominguez, Lakewood, Long Beach and South Gate. Today, about 290 full- and part-time faculty teach more than 40 degree programs and 20 certificate programs (A-01).

In November 2002 the Compton Community College District won voter approval of Measure CC, authorizing the issuance of \$100 million in general obligation bonds to upgrade classrooms, labs, infrastructure, and instructional equipment, while making much-needed health and safety repairs and energy efficiency improvements. An independent Citizens' Bond Oversight Committee was also established at this time.

In June 2005 the Accrediting Commission for Community and Junior Colleges revoked Compton College's accreditation, and the college operated in partnership with the El Camino Community College District for the next 12 years. College administrators, faculty, and staff worked tirelessly during the partnership to regain accreditation. In June 2017, the ACCJC granted Compton College accreditation once-again, and in June 2019 (A-02), the California Community College Chancellor's Office recognized Compton College as an independent college (A-03).

Compton College has been implementing Guided Pathways since 2017 and created five new Guided Pathway Divisions: Business and Industrial Studies; Fine Arts, Communications, and Humanities; Health & Public Services; Science, Technology, Engineering, & Math (STEM), and Social Sciences. The college continues to focus on improving the student experience through new success team structures, case management, and activities to improve student connection.

In 2018, Compton College established the Oliver W. Conner College Promise Program that ensures a low-cost college experience for students entering from Compton Unified School District, Lynwood Unified School District, and Paramount Unified School District. Compton College became a federally recognized Hispanic-Serving Institution (HSI) in 2020-2021 and has invested grant and emergency dollars into basic need for students especially in the face of the COVID pandemic. Finally, the Financial Crisis and Management Assistance Team evaluated Compton College in January 2022 offering several suggestions to continue to foster the fiscal wellbeing of the organization (A-04).

Over the last two years, Compton College has built new facilities to revitalize the campus. Most recently, Instructional Building 1 opened offering new classroom and office space on the north side of the campus. In fall 2022, the college cut ribbons on Instructional Building 2 and a

new Student Services Building, offering even more classroom space and centralized services.

Student Enrollment Data

Compton College actively recruits all students from its service area. Figure 1 below presents the unique student headcount for a ten-year period from 2011-2012 to 2020-2021. The college has experienced enrollment declines over this period, but especially in 2019-2020 due to the transition as an independent college, and then again in 2020-2021 due to the COVID-19 pandemic similar to colleges across the nation. The college has put renewed focus on outreach and retention efforts in the 2021-2022 year to increase enrollment (A-05).

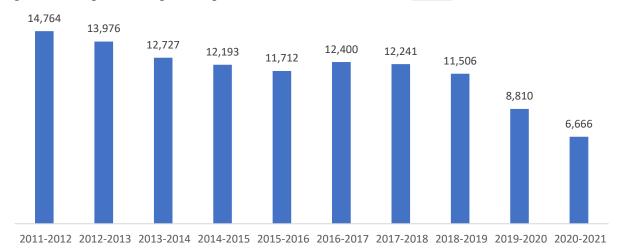

Figure 1. Compton College Unduplicated Headcount

Source: California Community College Chancellor's Office Data Mart.

About two out of three of Compton College's students are female (64%), while the remaining students are male (35%). A very small number of students identify as non-binary based on available data, but it is probable that this is an undercount. Compton College students are 63% Latinx, 22% Black or African American, 5% Asian, 2% White, 2% Two or More, 1% Pacific Islander, and 6% Unknown (2019-2020 Compton College Fact Book). The younger students, especially those coming straight from high school, are largely Latinx (71%), while over 50% of older students (45+ years) are Black or African American (A-06).

Through its Equity Plan and data use, the college has identified groups that are under enrolling at the campus. Specifically, the college is focused on attracting males of color to the campus to improve the opportunity gap in enrollment (A-07)

Compton College enrolls many students with limited financial means. Among the 4,239 degree or certificate seeking students in fall 2019, 69% received some form of financial aid, with almost half receiving a Pell award (47%).

Demographic Data

According to the 2020 US Census, the breakdown of male/female population is: Compton 49%/51%; Lynwood 49%/51%; Paramount 50%/50%. The populations in the three cities are aging, with a greater proportion of residents in older categories in 2019-2020 than in 2010. For example, the largest age group in Lynwood in 2019-2020 was 25-29, while in 2010 the largest age group was 10-14 years old.

The residents are largely Latinx (Compton 69%; Lynwood 87%; Paramount 82%), while the second largest ethnicity group is Black or African American (Compton 28%; Lynwood 9%; Paramount 8%). Only 9% of Compton, 8% of Lynwood, and 12% of Paramount residents hold a Bachelor's degree (A-08).

Socio-economic Data

According to the 2020 U.S. Census, the city of Compton has an approximate population of

95,740. It is estimated that 18,602 (20%) of families in the geographic target area live in poverty and meet the U.S. Department of Education's definition of low-income, while Lynwood is 16.1% and Paramount is 15.6%. These percentage of persons in the target area who live in poverty are higher than the 12.6% reported by California and the 12.8% reported by the U.S.

Table 2: Comparative Economic Demographics (2020)								
City	Population	Persons in Poverty #	Persons in Poverty %					
United States	318,564,128	40,910,326	12.8					
California	38,589,882	4,853,434	12.6					
Compton	95,580	18,602	19.5					
Lynwood	66,941	10,810	16.1					
Paramount	53,534	8,373	15.6					

Basic needs and a digital divide among service area residents are evident. Among the latest data, one out of four households in Compton and Lnywood do not have a broadband internet connection.
