### **1. Review Minutes from November 7, 2022 - Approved**

### **2. President/CEO Items**

A. COVID-19 Update – Barbara Perez said there are reports of one instructor and two students who tested positive for Covid-19, so a letter will go out today to inform the campus. Heather Parnock and Barbara Perez will meet with the Health, Safety & Parking committee to review the New Normal and the protocols to return to campus. Sheri Berger asked if we should put a reminder on Canvas on how to report a positive Covid-19 test. Sheri Berger will talk to Dr. Airek Mathews about reposting this information on Canvas. Barbara Perez said there is a problem with following up with someone who tests positive because they do not answer their phones or respond to emails.

**3. 2022-2023 Compton College Consultative Council Goals – Review Goal #4 – Promote and bring awareness to the Compton College Collaborative Governance document.** Barbara Perez said it would be a good idea to remind the campus of the document and its function since it was created and shared before the pandemic. Ideas included reminders at Tartar Talks, Academic Senate, and Professional Development. Sheri Berger said maybe it is time to get feedback on the process and committee members agreed. Heather Parnock said a student asked if there was a place to see a chart or list of all campus committees with subcommittees and workgroups. Heather Parnock mentioned the campus committee webpage to the student, but it is not organized where someone can see the flow, and all subcommittees, workgroups, and task forces are not included.

### **4. Graduation Application Work Group Next Steps**

A. Nicole Jones did not know who was supposed to be part of this working group, so Sheri Berger said we could talk about it at Cabinet Meet Up and bring information back next week.

### **5. Renaming of the Library-Student Success Center**

A. Linda Owens said Mika Black submitted documentation to the Facilities Committee, and the next step is for Consultative Council to review. Based on what the Facilities committee saw, they voted 5 to 1 in favor of naming the Library only after Mrs. Hart-Holifield inside the Library-Student Success Center as the Holifield Library. The placement of the name has not

been determined. Because the initial request was somewhat incorrect, the Facilities Committee requested a slight modification so that it is just the Library and it is only the last name. The Consultative Council supported the recommendation to name the Library the Holifield Library.

## **6. Deans and Directors Council Recommendations**

- A. Convert all Current Administrative Procedures to Administrative Regulations – It was brought up at the Deans and Directors Council that some are called Administrative Procedures, and some are called Administrative Regulations. This committee agrees that as procedures come up for review, it will be considered if they should be procedures or regulations. Amankwa McKinzie prefers the word procedure over-regulation because it gives a voice to all stakeholders for input and change. A regulation is the complete authority of one and the law.
- B. Board Policies and Administrative Regulations Ready for Review
  - i. BP 7110 – Delegation of Authority – Change in AR reference because there is no AR 7110; it is AR 7111.
  - ii. AR 7112 – Personnel Assignment Authority – Changes reflect what we do; after review of the Applicable Administrative Procedure, Barbara Perez recommends not changing the Procedure. Colleen Edwards noted the change.
  - iii. AR 3300 – Public Records – Changed to AR, statement at the bottom added Penal codes because we have a Police Department, and they are covered by a different Records Act.

## **7. Abbreviations for Guided Pathways Divisions – Update**

- A. Sheri Berger said the Consultative Council approved the four characters but wanted it to go back to the Guided Pathways committee to discuss and bring concerns back to Consultative Council. All divisions met at the beginning of November, and the Chairs reported no issues, especially with Health and Public Services as HEPS; and Business and Industrial Studies as BIST. We will move forward with the four characters: BIST; FACH; HEPS; SSCI; and STEM.

## **8. Outside the Box Ideas**

- A. Minodora Moldoveanu said that at the Fall Senate Plenary, they were urging the Academic Senate and Board of Trustees to issue statements supporting academic freedom. Dr. Moldoveanu plans to discuss this with the Academic Senate this Thursday and will have a preliminary discussion when the E-Board meets.

## **9. Future Agenda Items**

- A. 2022-2023 Compton College Consultative Council Goals – Review Goal #5
- B. Graduation Application Work Group Next Steps

**The next Consultative Council meeting is scheduled for  
Monday, November 21, 2022, at 2:00 p.m. via Zoom Meeting**

## **COMPTON COMMUNITY COLLEGE DISTRICT**

Dear Dr. Keith Curry:

My name is Ms. Termikerlyn Black granddaughter of Emily B. Hart-Holifield . I am writing to request the renaming of the Student Success Center to Emily B. Hart-Holifield Library in compliance with Compton College policy AR 3320. Please find attached to this letter, 1. An abridged biography of Emily B. Hart-Holifield 2. Renaming request letter from Community Stakeholder and Community Leader Jacqueline Barra. 3. Renaming request letter from NABCJ SW Region President Lt. Isaac Asberry 4. A resolution of support from the city of Compton 5. Letter of support from 44th District Congresswoman Nanette Barragan 6. Letter of correspondence from former President of the United States of America William Jefferson Clinton 7. Letter of correspondence from former Compton College President Abel Sykes Jr. 8. Letter of correspondence from former California State Senator Ralph Dills.

The Compton College Board of Trustees voted in favor of Emily B. Hart Holifield Library in 1997 during Women's History Month for her 20 consecutive years as a Compton College Board Member and exemplary record of service in the city of Compton and the United States of America. There was a plan to have Mrs. Holifield's name transferred to what is now known as the Student Success Center however, those plans became lost in transition due to the Success Center's seven year construction delay and El Camino's 12 year conservatorship of Compton College. Mrs. Holifield passed away April 5, 2022 fulfilling the final requirement for consideration according to policy AR 3320. The Holifield family has pledged to continue her appeal to the Compton College Board of Trustees. We ask with reverence to my grandmother's memory and with humility to the Trustee Board for your consideration and support.

Sincerely,

Termikerlyn Black

Compton, California 90220

Dear Dr. Keith Curry:

My name is Ms. Jacqueline Barra. I am writing to you because of the removal of Mrs. Emily Hart-Holifield's name from the Library building at Compton College. I would like to know why her name was not restored after the rebuilding of the new library. If it had any relationship to El Camino College and the receivership of Compton College at that time. Now that Compton College has regained its accreditation, the Compton community would like our history restored. Our city should never depart with its history.

Mrs. Emily Hart-Holifield is a trailblazer, trendsetter, fighter and stabilizer in our community. A retired Special Education Teacher and Resource Specialist for Compton Unified School District. She is the first woman elected to the Board of Trustees. Her 20 years of service on the Compton College Board of Trustees opened opportunities for thousands of students domestically and internationally. The erasure of Mrs. Hart-Holifield is a dismissal of all her accomplishments and an attack against the community at large.

The purpose of this correspondence is for you to request her name restored to the library. We the residents of Compton would appreciate a peaceful disposition and support from you regarding this matter.

Respectfully,

Ms. Jacqueline Barra

Dear Dr. Curry:

The purpose of this letter to appeal to the Compton College Trustee Board to restore the name of the library to the Emily B. Hart-Holifield library in accordance with Compton Community College District AR 3320. In addition to the biographical information, the facility, the proposed name, and the contributions by this individuals, I have outlined the history of Ms. Hart-Holifield's name be added to and removed from the library.

The Library has been renamed from Emily B. Hart-Holifield to the El Camino College Compton Library following the completion of the construction of the new building. Not only should the library be renamed for Mrs. Hart-Holifield because of her extensive achievements to Compton Community College and the city of Compton. But also because it was an honor which she previously attained in accordance with Compton Community College regulations and standards. We are sure the board is familiar with the positive psychological importance of people in the community seeing their role models recognized for their contributions, particularly in community where contributions and achievement of residents are not acknowledged.

Mrs. Emily Hart-Holifield was born on a Walker's Plantation, a cotton plantation, in the rural area of Saint Joseph, Louisiana. She graduated from Tensas Rosenwald High School in Saint Joseph. She is the first of her immediate family to receive a college education.

Mrs. Hart-Holifield attended Southern University in Baton Rouge, Louisiana where she acquired a B.S. Degree in Speech and Hearing Therapy. She acquired her M.S. Degree from Pepperdine University in the area of School Management and Administration. She holds several teaching credentials from kindergarten through twelfth grades and also a California Community Colleges Specialist Credential.

Emily Hart-Holifield moved to Compton, California in 1968. In 1969, she became an educator in the Compton Unified School District, serving as a Special needs teacher for Roosevelt middle school. Early in her career, Mrs. Hart-Holifield staged a one woman protest to bring attention to the needs of her students. Specifically the fact that there was no heat in the classroom. With the help of Compton residents, Mrs. Hart-Holifield was not only able to get heat for her students but for all classrooms without heat throughout the district. So began her calling as an advocate for the children of the Compton community.

Throughout her career, Mrs. Hart-Holifield worked as a Teacher, Speech Therapist, Consultant and Resource Specialist.

In 1975, she broke new ground by being elected the first African-American woman to the Board of Trustees of Compton Community College. She served on the Board for 20 consecutive years, holding the distinction of the longest consecutively serving elected official in the City of Compton and the second longest consecutively serving African-American elected official in the State of California. She served as Board President 10 times. She is also proud to bear the titles of "Most Experienced Compton College Trustee" and "A Great Woman of Compton."

Mrs. Hart-Holifield is also listed in Who's Who among Black Americans, Who's Who among Women in California, and Who's Who among Intellectuals International. In 1995, Emily Hart-Holifield was honored for her service and the Compton College Library was named in her honor. The city of Compton declared February 18th, 1996 Emily Hart-Holifield Day.

Additionally, in 1989 she founded Compton's first GOP organization the Republican Women Federated in Compton's 103 year old history. She established the first soccer team in Compton in the 1980's along with Mr. Diaz. In 2007 Emily Hart-Holifield established Southern California's first and only grassroots volunteer headquarters for the Obama 2008 Presidential Campaign. She is the founder of the women's history program at Compton Community College. She has also received many political resolutions, commendations, plaques, and other community organization awards.

She is a Member of the National Association for the Advancement of Colored People, Parent Teacher Association Member, and past Advisory council member of the University Southern California Academy of Educational Management. She has also served on the accreditation team for West Hills College.

Mrs. Hart-Holifield's triumphs and contributions specifically to the Compton Community College should in itself be enough for the library to be renamed to recognize her achievements. However, in addition to these specific professional achievements, Mrs. Hart-Holifield is a well-rounded person who has worked with and served both students and staff at Compton Community College for a documented period of twenty years. She continues to be a proud resident of Compton, working with her husband and fellow community advocate, Benjamin Holifield. He maintains a community gardens where he works with community children. They use growing produces to show children the positive and productive outcome that accompanies hard work. Mrs. Hart-Holifield and her husband continue to strongly believe that public service is a sacred ongoing responsibility.

President

Compton Community College District Board of Trustees

111 East Artesia Blvd

Compton, CA 90221

Dear Board President Jones,

I write to offer my support for the renaming of the Library at Compton College in honor of Mrs. Emily B. Hart-Holifield, former Board of Trustees member. The Library was originally dedicated in honor of Mrs. Hart-Holifield in March of 1996, but her name was not transferred to the new Library-Student Success Center on campus.

Several of my constituents have expressed concern about this because Mrs. Hart-Holifield is a prominent educator and leader in the community who began her professional career in 1969 as a teacher with the Compton Unified School District. She then went on to become elected as the first African-American woman to the Board of Trustees of Compton Community College where she proudly served her community for two decades. Mrs. Hart-Holifield dedicated her life to the success of students in the Compton community and we should continue to honor her tenure and legacy.

Displaying her portrait at the new Library-Student Success Center is not an equivalent to preserving the name of the Library in her honor, which the former Compton College Board of Trustees President, Carl Robinson, had intended when he helped dedicate the Library for Mrs. Hart-Holifield.

The contributions of Mrs. Emily B. Hart-Holifield should continue to be valued and acknowledged. During her tenure on the Board, she empowered students to become leaders and advocated for resources for not just students but for the community as a whole.

Thank you to the Board for your efforts to educate and support students in the 44<sup>th</sup> Congressional District. If you have any questions, please do not hesitate to contact my District Director, Francisco Carrillo, at (310) 831-1799.

Sincerely,

Dear Mrs. Hart-Holifield:

I was informed that the Compton community is holding a celebration to commemorate your 20 years of service. I offer my congratulations.

The commitment necessary to sustain your enthusiasm over these many years is to be commended. It is rare for a community to be fortunate enough to have a citizen who is willing to offer her services for the betterment of all. You have made such a commitment to the citizens, and I am sure they are appreciative of your dedicated service.

Through my friendship with you over the years I note that your contributions to the Compton community have been offered sincerely and without expectation of either recognition or compensation. This indeed is a characteristic missing in so many of today's community leaders.

Unfortunately I will be unable to join you and your friends in this deserved recognition. Again, my congratulations.

Cordially,

  
Abel B. Sykes, Jr.

[California Labor Code Section 2802](#)

The President/Chief Executive Officer shall establish administrative procedures to administer the voluntary program that complies with the requirements established by the California Labor Code. The administrative procedures shall assure that the voluntary program is administered in a nondiscriminatory way.

The Compton Community College District (“District”) supports workplace flexibility recognizing it is dependent upon the nature of work and ability to complete job-related activities at an alternative worksite. The District recognizes the benefits of flexible work options for employees when both program and employee personal needs can be met.

The District’s Remote Work program is a separate and independent process from the ADA/Medical Accommodation process. All ADA/Medical accommodation requests must be referred to Human Resources.

Participation in the District’s Remote Work program is voluntary. This opportunity to work remotely shall be entirely at the discretion of the District.

In the event of a campuswide closure, the District recognizes that working remotely at home or at another location may be necessary at times when widespread illness, disaster, or other emergency condition makes the college or worksite unsafe or otherwise interrupts the District’s ability to effectively conduct operations at the college or worksite. The District’s Emergency Operations Plan will take effect.

Applicable Administrative Regulation:
