

CONSULTATIVE COUNCIL MEETING  
MINUTES

**Facilitators:** Keith Curry/Minodora Moldoveanu  
**Date:** April 26, 2021

**Recorder:** Paula VanBrown  
**Location:** Zoom

**Vision**

Compton College will be the leading institution of student learning and success in higher education.

**Mission Statement**

Compton College is a welcoming and inclusive community where diverse students are supported to pursue and attain student success. Compton College provides solutions to challenges, utilizes the latest techniques for preparing the workforce and provides clear pathways for completion of programs of study, transition to a university, and securing living-wage employment.

**Attendees:**

Christine Aldrich	Linda Coleman	Abdul Nasser
Sheri Berger	Elizabeth Martinez	Heather Parnock
Sheyna Burns	Amankwa McKinzie	Rachelle Sasser
Keith Curry	Minodora Moldoveanu	Lauren Sosenko

**MINUTES**

**1. Review minutes from April 19, 2021**

The Consultative Council reviewed the minutes from April 5, 2021 – Approved, with correction; Item #4 Loren, s/b Lauren Sosenko.

**2. President/CEO Items**

**A. COVID-19 UPDATE**

Heather Parnock reported Governor Newsom has stated it is very likely restrictions for the entire state may be lifted except for the mask requirement starting on June 15. Dr. Keith Curry said he is concerned with what that means. People are going to be under the assumption that everything is going to be open and expecting K-12 and community colleges to be open and doing business, but that is not clear. Some members said they think people are expecting everything to be open. Heather Parnock commented she believes it means lifting the capacity restrictions, both indoors and outdoors.

Dr. Minodora Moldoveanu stated that some colleges require their people to be vaccinated to return to campus when the vaccine is FDA approved. Further discussion was held regarding mandatory vaccines and the numbers of those taking the vaccine. Dr. Curry commented that he thinks the key is to promote vaccinations and discuss why people should take advantage of them and provide education.

**B. Update on Draft of Safe Return to Campus Plan - Status Report:**

Dr. Curry reported that he included information in his newsletter last week on the status of the safe return to campus plan. Dr. Curry said they are looking at Student Services but are not ready for next week and have pushed it back to May 24. Linda Owens has confirmed the Plexiglass for that area has been delivered, and Elizabeth Martinez is working on the schedule of who will be coming to work.

Dr. Curry reported that after Student Services is figured out, the focus will be on athletics and the

physical education area, the gymnasium, and the weight room. He said there is concern about providing services in the gymnasium because it doesn't have an HVAC system.

Sheri Berger reported she is finalizing the plan for the library to reopen during the summer and for the Student Success Center to reopen on June 21. She also mentioned the reopening of the computer labs.

**C. Compton College Safe Return to Campus Student Survey**

Lauren Sosenko reported that she had created a draft of the student survey for review and decided what they want to know from the students' responses. She reviewed the questions included in this survey and solicited input. Childcare and homelessness were added to the survey. Lauren Sosenko said if students say yes to food, housing insecurities, she will collect their name, email, and phone number to follow up with them.

Dr. Curry mentioned that this draft survey should be sent to the Health, Safety, and Parking Committee for feedback. He suggested that the Associated Student Body call a meeting and ask them to review the questions on the draft survey. Dr. Curry also told Elizabeth Martinez to work with Dr. Jimenez and student workers across campus and paid five to ten students for about 30 minutes to an hour to review the survey and provide some feedback.

Elizabeth Martinez suggested that on specific questions, a link be provided directing students to available resources.

**D. Compton CCD HVAC Report – Dr. Curry provided the update on the Compton CCD HVAC in his President/CEO Message – April 22, 2021.**

**3. 2021-2022 Compton College Goals**

Dr. Curry asked for comments. Dr. Moldoveanu asked if she could have the Academic Senate review these goals, and Dr. Curry replied okay, but he would need to receive their input next week, so this document can be finalized.

**4. 2021-2022 Compton College Budget Assumptions**

Dr. Curry reviewed the 2021-2022 Compton College Budget Assumptions included in today's agenda. He reported one change was made last week: Item K: Budget to transfer the following full-time ITS positions from the Compton Recovery Fund to the Unrestricted Fund – 1) Business Analyst, 2) Helpdesk Technician, 3) Network Support Specialist.

Dr. Curry reported a major issue is about the 50% law and our parking fund. Parking revenue, which pays some of the Police Department salaries, is not being generated, so we had to transfer money from the general fund. Revenue was lost from the bookstore, vending machines, cafeteria, and parking in the last year and a half.

**5. Campus Committees Update**

Dr. Curry included the updated 2020-2021 Standing Committees document in today's agenda and still needs Chris Perez to provide student positions information.

**6. Thinking Out of the Box**

None

**7. Other Items**

**8. Future Agenda Items**

- A. Campus Committees Evaluations
- B. Facilities Update

**The next Consultative Council meeting is scheduled for May 3, 2021  
at 2:00 p.m. via ZOOM**
