

## Enrollment Management Meeting

May 11, 2015

### Minutes

Attendees: Dr. P. Humphreys, R. Bell, B. Perez, R. Murray

1. Need folks to do a survey.
2. Dr. Humphries wanted 8 people by Friday to submit the survey back to him real quick. Five people responded three did not.
3. We are beginning the on-line survey. The survey was announced. We want to keep this anonymous.
4. You don't have to put your name on the survey. The problem is, we want to keep this anonymous.
5. We want to add rationale for the decisions we are making here on the Enrollment Management Committee.
6. We want to have a decision making process in place, so when it is presented to the CEO we can say, "This is the enrollment management Committee, and this is what they have decided."
7. I will hand deliver a copy to the people on the committee. We are not going to print it electronically.

8. The next meeting is not to make a decision, it is to get all the last points and details down to show the committee.
  
9. A meeting will also be scheduled to meet with the Academic deans to share our plan.
  
10. May 26, 2015 was proposed as the next meeting date for 2:00 pm or 2:30 pm.
