**Meeting Minutes**

**I. Feedback for Proposal Request**

Recommendations for changes made to apply to all encompassing funding availability. Lauren asked that the Completion by Design metric be included in the Vision for Success. Bailey will make all necessary requested changes and send to the two co-chairs for approval.

**II. Equity Update**

Did receive a few proposals, and were able to put through 5 projects recommended for funding. Hoping to fund other projects in spring, however those are contingent on the information we are awaiting from the chancellor’s office which will give us a better idea for our funding availability in the spring.

**III. SEP/SSSP/BSI Integrated Plan Update**

Awaiting direction from the chancellor’s office regarding allocation of funds since they are now integrating BSI, SSSP and Equity, so we are waiting to see how that will be done. Had a call for proposal sent out and received a few from both Math and English faculty, but awaiting the information from the chancellor’s office as that will also include information advising if BSI funds can be applied to AB705 implementation.
