## INTRODUCTION

The ECC Annual Fact Book is a reference source containing trend data about students, student outcomes, and instructional programs and services. The data and analysis in the fact book provide background information to facilitate policy analysis and decision making. It should be a useful tool in college and departmental planning, grant preparation, and in the accreditation process. It is our hope that the information provided is used to objectively evaluate programs and practices as well as visualize the trends that affect El Camino College's current and future operations.

Demographic and enrollment data on ECC students was provided by the Chancellor's Office. Some of the data in the Special Programs section was extracted from the college's student database. In addition, data from the National Student Clearinghouse was used to provide transfer destination information.

The Fact Book was composed and assembled by Carolyn Pineda. Special acknowledgement goes to Dwight Ueda, El Camino College Photographer, for providing the photographs used in this publication and Theresa Clifford, First Year Experience Secretary for creating the cover page.

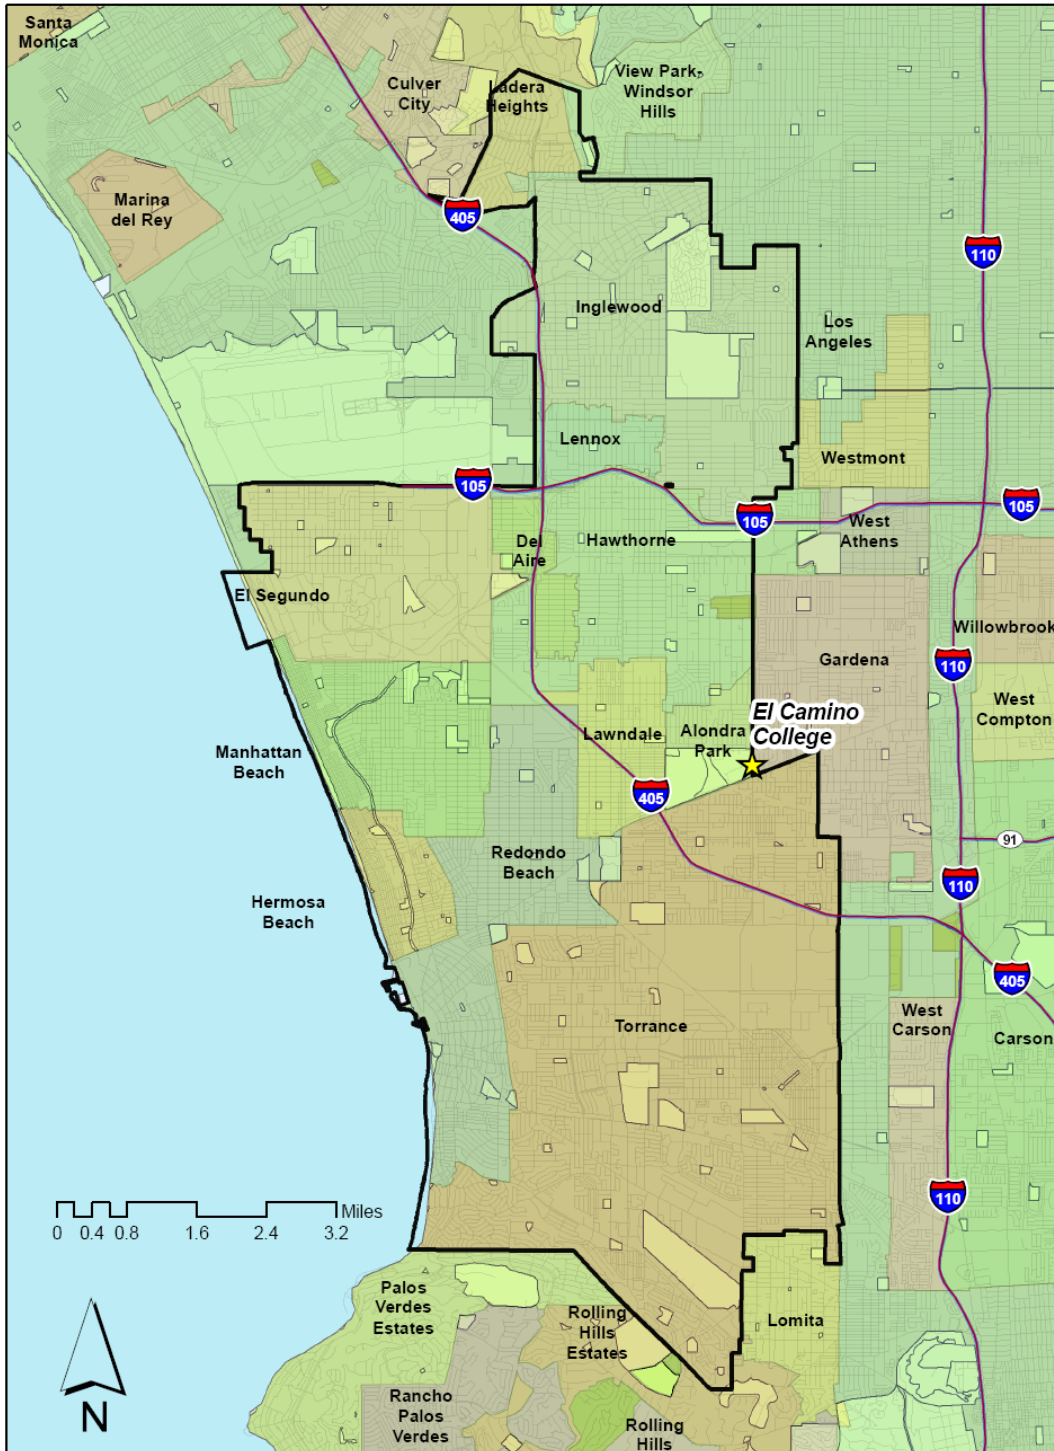

Please send any comments or feedback to the Office of Institutional Research.

## SECTION 1 – EL CAMINO COLLEGE SERVICE AREA

# El Camino Community College District

**ENROLLMENT BY ZIP CODE (7.5 MILE RADIUS)**

In the 2009-2010 academic year, 79% of the student body live within a 7.5 mile radius from the college. Of these students, 50% live within the El Camino College district while 29% are from outside the district. Twenty-one percent of students enrolled in 2009-2010 live beyond the 7.5 miles radius. Starred zip codes are located within the district.

## SECTION 2 – STUDENT AND ENROLLMENT TRENDS

## TOTAL COLLEGE ENROLLMENT

From 2006 to 2008, El Camino College experienced a steady increase in unduplicated student headcount that averaged 4% per year. There was a 10% increase in enrollment from the 2006-2007 to 2007-2008 academic years and a 6% increase from 2007-2008 to 2008-2009. In 2009-2010, there was a 5% decrease in enrollment. This decline is primarily due to budgetary constraints. Enrollment is expected to plateau in the coming years.

## ENROLLMENT BY GENDER

Overall, about 19% more women than men have attended ECC in the last 5 years. The greatest difference was found in 2004-05 when 24% more women than men attending ECC. The gender gap narrowed in 2009-10 when 13% more women than men attended ECC.

## ENROLLMENT BY AGE

In the last 5 years, over 60% of enrolled students are between the ages of 18 to 24. Working adults ages 25-44 comprise 27% of enrolled student while 8% of students are ages 45 and older. From 2007-2008 to 2008-2009, there was a 17% increase in students ages 20-24. Growth among this age group stabilized in 2009-2010. Also, there was a 7% decline in enrollment among students ages 19 or younger in 2009-2010.

Age	2005-2006	2006-2007	2007-2008	2008-2009	2009-2010
19 or less	11,188	11,187	12,917	12,253	11,421
20 - 24	11,250	11,251	12,170	14,182	14,310
25 - 34	7,008	6,816	7,306	8,077	7,822
35 - 44	3,498	3,315	3,487	3,437	3,023
45 - 54	2,036	2,003	2,221	2,289	2,086

Unknown	0.0%	0.0%	0.0%	0.0%	0.0%

## ENROLLMENT BY ETHNICITY

The ethnic breakdown of the enrolled students has remained relatively consistent over the last 5 years. Latinos represent the largest ethnic group on campus comprising 34% of the student population, a 4-point rise in 5 years. There was a 3-point rise Latino students in 2009-2010. This may be a reflection of the changes in ethnic coding that the California Community Colleges Chancellor's Office adopted in fall 2009. In 2009-2010, 19% of students were white and 18% were African-American. El Camino College also had a significant Asian population of 18%.

Ethnic Group	2005-2006	2006-2007	2007-2008	2008-2009	2009-2010
African-American	20.5%	20.2%	19.9%	19.3%	18.2%

\*Filipino included in Asian count

\*\*As of Fall 2009, "Other" no longer reported

\*\*\*New ethnic category in Fall 2009

## ENROLLMENT BY DAY AND EVENING

Approximately two thirds of students enroll in at least one daytime course while 20% are exclusively in evening courses. In the last year, daytime enrollments have increased by 4%.

\*Irregular meeting times, including distance education.

## ENROLLMENT BY HIGH SCHOOL

The majority of enrolled students come from local high schools throughout the South Bay area. The top five high schools include all four Torrance area high schools (North High, West High, Torrance High, and South High) and Redondo High. In 2009-10, there was a 43% increase in the number of students from Palos Verde High School while the number of students from Morningside High School decreased by 14%.

## SECTION 3 – SPECIAL PROGRAMS

El Camino College Women's Soccer game vs. Long Beach City College

El Camino College football game during the Beach Bowl

## ATHLETICS

El Camino College offers a variety of intercollegiate sports team. Approximately 1% of the student population participates in intercollegiate sports. The largest male sport is football, with an average of 93 players per year. Soccer is the largest female sport with an average of 24 players per year. There was a slight increase in males participating in sports teams from 267 in 2008-2009 to 290 in 2009-2010. In addition, there was a slight increase in the number of female athletes. In 2008-2009, there was a total 129 female athletes while in 2009-2010 it went up to 141.

	2005-2006	2006-2007	2007-2008	2008-2009	2009-2010

Track & Field	20	18	16	18	21
Volleyball	14	12	16	15	16
Water Polo	11	11	7	9	10

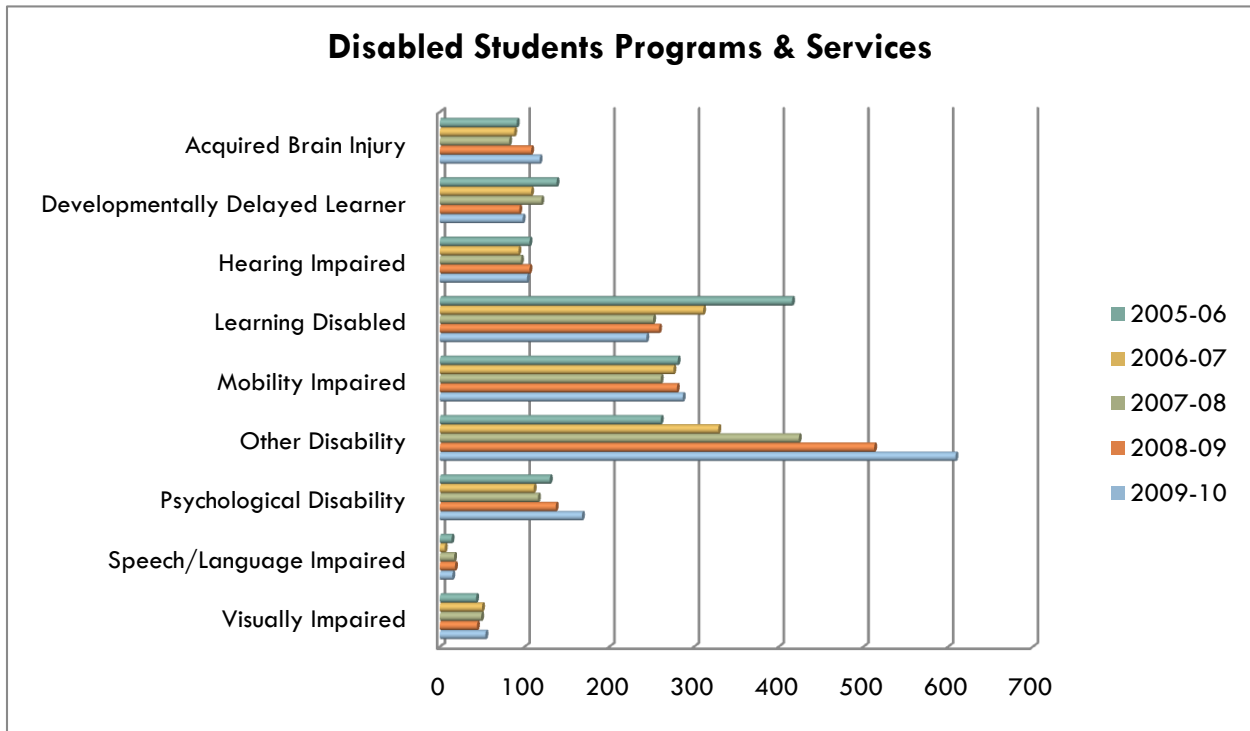

## CALWORKS

CalWORKs is the community portion of the California Work Opportunity and Responsibility to Kids Act. CalWORKs funds assist single parents who are receiving Temporary Assistance for Needy Families (TANF), and those in transition off welfare, to achieve long-term self-sufficiency through coordinated student services. Approximately 1% of the student population participates in CalWORKs. In the last year, the number of CalWORKs participants has increased by 10%. The increase in participants in the last two years is likely due to increased reporting requirements along with dramatically scaled up outreach efforts. In addition, CalWORKs teamed up with the Business Division to create a business-focused cohort of students.

## DISABLED STUDENT PROGRAM AND SERVICES (DSP&S)

In 1972 El Camino College established a special program to assist students with disabilities in their pursuit of a post-secondary education. The purpose of this program is to assist disabled students to perform on an equal basis with non-disabled students in an integrated campus setting. About 4% of ECC students have a registered disability. The most common disability is mobility impairment followed by learning disabled. The number of learning disabled students has decreased in the last three years while the "Other" disability category has increased. This is due to changes in practices and consensus in the state of how to categorize certain disabilities.

Primary Disability	2005-06	2006-07	2007-08	2008-09	2009-10
Acquired Brain Injury	91	88	82	108	118
Developmentally Delayed Learner	138	108	120	94	98
Hearing Impaired	106	93	96	106	103
Learning Disabled	416	311	252	259	244

Other Disability	261	329	424	513	609
Psychological Disability	130	111	116	137	168
Speech/Language Impaired	14	6	17	18	15
Visually Impaired	43	50	49	44	54
<b>Total</b>	<b>1480</b>	<b>1372</b>	<b>1417</b>	<b>1559</b>	<b>1696</b>

## EXTENDED OPPORTUNITY PROGRAM AND SERVICES (EOP&S)

Extended Opportunity Program and Services (EOP&S) is designed to assist low income and educationally disadvantaged students achieve their educational goals at El Camino College. It provides eligible students with support services in the areas of counseling, peer support, financial assistance, transferring and tutorial services. Approximately 3% of the ECC students are in EOP&S or CARE. In this last year, there was a 28% decrease in the number of students who participated in EOP&S or CARE. This decline is due to reduced state funding the program received in the 2009-2010 academic year.

## FINANCIAL AID

Thirty-four percent of El Camino College students received financial aid in 2009-10, nine percentage-points higher than the previous year. The largest Financial Aid program is the Board of Governor's Fee Waiver (BOGW). In 2009-10, there was a 33% increase in BOG Fee Waiver recipients. The second largest program is the Federal Pell Grant. The total number of Pell Grant recipients grew from 4,636 in 2008-09 to 5,695 in 2008-09, a 23% increase.

The next largest program is the campus-based-Federal Work Study (FWS) and Federal Supplemental Educational Opportunity Grant (SEOG). In 2009-10, the number of FWS and SEOG recipients increased by 14% and 16%, respectively. In addition, the total number of Academic Competitiveness Grant recipients increased from 282 in 2008-09 to 622 in 2009-10.

\*Includes Summer and Winter financial aid recipients

## INTERNATIONAL STUDENTS

The number of international students has increased gradually in the last five years. There were 797 international students enrolled in 2005-06 and that has increased to 896 in 2009-10.

## VETERANS

In the last year there has been an increase in the number veteran enrolled at ECC. There were 479 veterans enrolled in 2008-09 and that has slightly increased to 559 in 2009-10.

## SECTION 4 – SUCCESS AND RETENTION

## OVERALL SUCCESS AND RETENTION

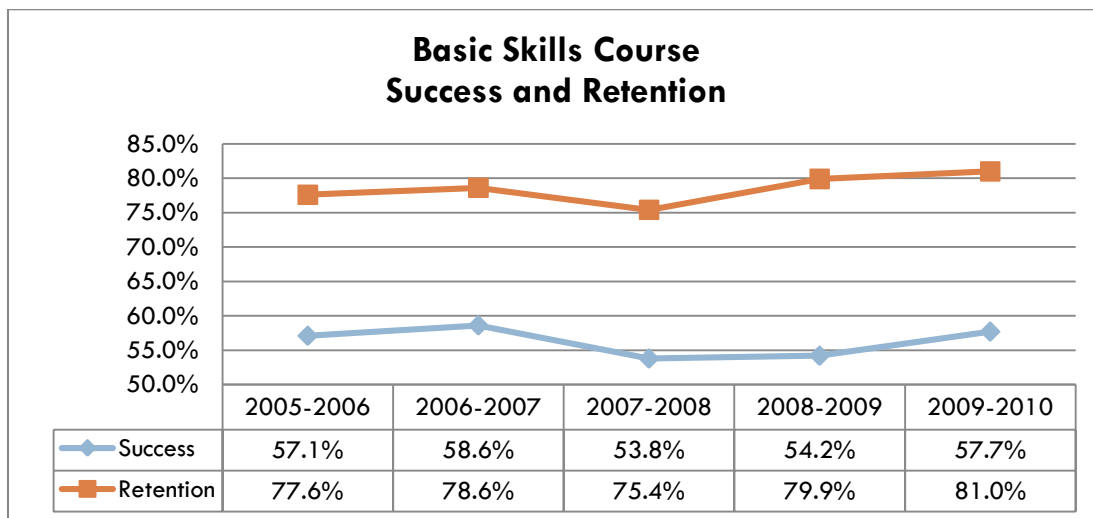

Student academic performance within a term can be measured in several ways. Most common are student *retention* (completing a course, regardless of final grade) and *success* (completing a course with a C/P (Pass) or better).

Looking at all courses across the curriculum, there is an average success rate of 66% and retention rate of 80%. In 2009-10, success rate increased by 2 percentage points while the retention rate remained the same.

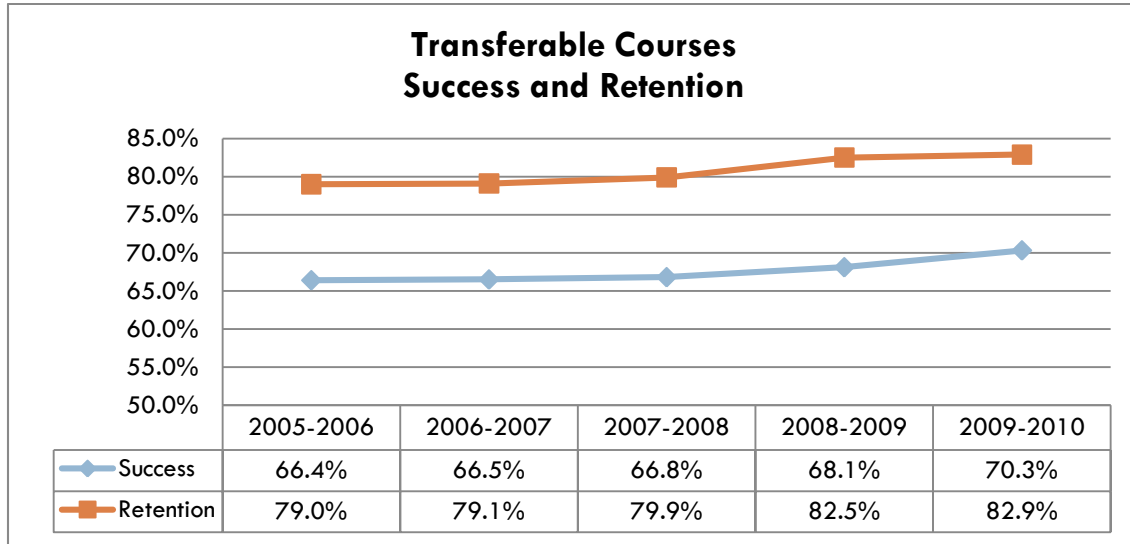

## BASIC SKILLS SUCCESS AND RETENTION

Students who take basic skills courses have an average success rate 56% and retention rate of 79%. In the last year, the success rate increased to 58% while the retention rate was stable at 81%. The 2009-10 basic skills success rate is 10 percentage points below the overall success rate. On the other hand, the basic skills retention rate is 1 point below the overall retention rate.

### TRANSFERABLE SUCCESS AND RETENTION

The success rate for transfer level courses averages 68%, slightly higher than the overall and basic skills success rates. The average retention rate for transfer level courses is about 81%, slightly higher than the overall and basic skills rates. In 2009-10, the retention and success rates increased to 83% and 70%, respectively.

### CREDIT/DEGREE APPLICABLE SUCCESS AND RETENTION

The average success and retention rates for non-basic skills, non-transfer courses are lower in comparison to the three previous course types. Over the last five years, credit/degree applicable courses average a 57% success rate and 77% retention rate. In the 2009-10, the success rate increase to 61% while the retention rate remained the same.

## CAREER AND TECHNICAL EDUCATION SUCCESS AND RETENTION

The average success and retention rates for vocational courses are higher in comparison to the four previous course types. Over the last five years, career and technical education courses average a 72% success rate and 84% retention rate. In 2009-10, success rates were stable at 73% while the retention rate dipped slightly to 85%.

## SECTION 5 – STUDENT OUTCOMES

### BASIC SKILLS SUCCESSFUL COURSE COMPLETION

The 5 year average success rate for students in basic skills ESL courses is 68%. Between fall 2006 and fall 2007, there was a 10 percentage point decline in the ESL success rate. But between fall 2008 and fall 2009, ESL success rates increased 6 percentage points to 72%. The success rates for basic skills reading and writing have remained consistent while there was a slight increase in math success rates. In fall 2008, the math success rate was 48% and increased to 52% in fall 2009.

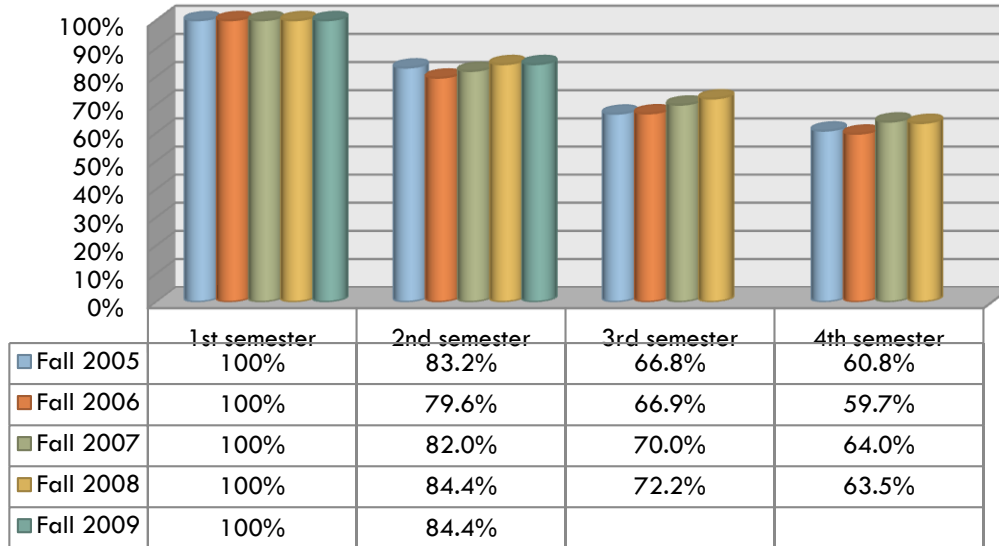

**PERSISTENCE RATES**

Student persistence refers the tracking of students over several terms. Persistence rates are based on five fall cohorts over four semesters, looking only at fall and spring enrollment. For the fall cohorts, the tracked trends are nearly the same for all years. The same is true for the first- time, full-time cohorts (following page). Overall, the first-time, full-time cohorts have a higher persistence rate than overall fall cohorts.

**First Time, Full Time Student Persistence over Four Semesters  
Fall 2005 to Fall 2009 Cohorts**

**DEGREES AWARDED**

El Camino College has awarded a total 7,713 degrees and certificate in the last five years. From 2005 to 2009, there has been a moderate increase in the number of degrees awarded that averages at 4% per year. There was an 8% increase in degrees awarded from the 2008-2009 to 2009-2010 academic years.

Starting in 2006, the gap between the number of Associate of Arts and Associate of Science degrees awarded has narrowed. In 2006 there were 57 more AA degrees than AS degrees awarded. But in 2009-10, there were over 260 more AA degrees than AS degrees awarded. In addition, in the last year the number of AA degrees increased by 20% while AS degrees increased by 2%. For certificates, there was a 4% decrease in the number awarded from the 2008-2009 to 2009-2010 academic years.

**Degrees and Certificates Awarded 2005-2009**

<b>Degrees and Certificates</b>	<b>2005-06</b>	<b>2006-07</b>	<b>2007-08</b>	<b>2008-09</b>	<b>2009-10</b>
Associate in Arts	706	582	595	643	771
Associate in Science	513	525	538	497	507
Certificates	243	355	364	445	429
<b>Total Degrees</b>	<b>1462</b>	<b>1462</b>	<b>1497</b>	<b>1585</b>	<b>1707</b>

**TRANSFER DESTINATIONS**

After an 8% decline in UC transfers in 2008-09, transfers increased by 27% this last year. The largest UC transfer destination for ECC students is UCLA which increased by 43% in the last year. For the Cal State system, there was a 15% decrease in transfers for 2009-10. Transfers to Long Beach dropped from 315 in 2008-09 to 180 in 2009-10. This decrease can be attributed to the preferred enrollment Long Beach gives to transfers students from designated community colleges in addition to state budget cuts that have forced all Cal States to decrease the number of transfers admitted.
