El Camino College

Introduction

The ECC Annual Fact Book is a reference source containing trend data about students, student outcomes, and instructional programs and services. The data and analysis in the fact book provide background information to facilitate policy analysis and decision making. It should be a useful tool in college and departmental planning, grant preparation, and in the accreditation process. It is our hope that the information provided is used to objectively evaluate programs and practices as well as visualize the trends that affect El Camino College's current and future operations.

Demographic and enrollment data on ECC students was provided by the Chancellor's Office. Some of the data in the Special Programs section was extracted from the college's student database. In addition, data from the National Student Clearinghouse was used to provide transfer destination information.

The Fact Book was composed and assembled by Carolyn Pineda. Special acknowledgement goes to Dwight Ueda, El Camino College Photographer, for providing the photographs used in this publication and Marci Myers, ECC Compton Center Research Analyst, for creating the cover page.

Please send any comments or feedback to [Institutional Research & Planning](#).

El Camino College Service Area

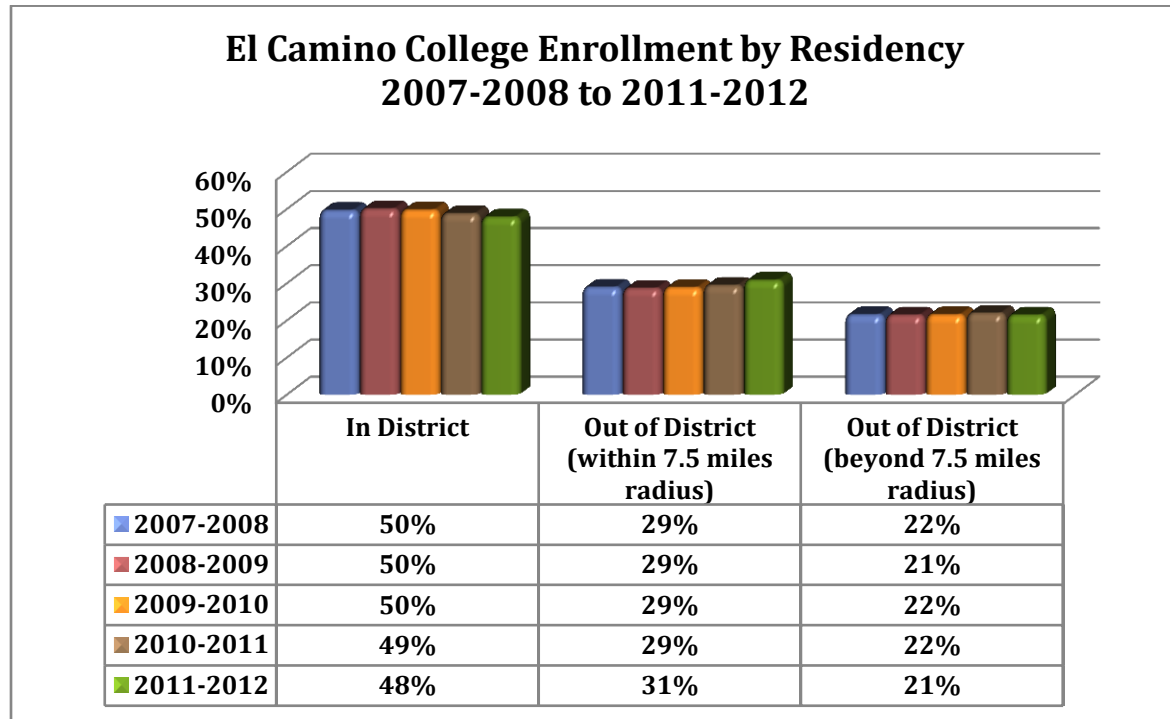

El Camino Community College District

Enrollment by Residence

On average, approximately half of students enrolled at El Camino College lived within the El Camino Community College District. In 2011-12, 31% of students reside within 7.5 miles of the college while 21% live beyond a 7.5 mile radius of El Camino College. Enrollment patterns by residency have remained stable and relatively unchanged in the last five years.

Enrollment by Zip Code (7.5 Mile Radius)

In the 2011-12 academic year, 79% of the student body lived within a 7.5 mile radius from the college. Of these students, 48% lived within the El Camino Community College District while 31% are from outside the district. Twenty-one percent of students enrolled in 2011-12 lived beyond the 7.5 miles radius. Starred zip codes are located within the district.

Student and Enrollment Trends

Total Enrollment

After enrolling over 41,000 students in 2008-09, student enrollment has steadily decreased in the last three years. There was a 5% decrease in enrollment from the 2008-09 to 2009-10 academic years and an 11% decrease from 2008-09 to 2009-10. In 2011-12, there was a 7% decrease in enrollment. These declines are primarily due to budgetary constraints. Enrollment is expected to stabilize in the next few years.

Enrollment by Gender

Overall, about 14% more women than men have attended ECC in the last 5 years. The greatest difference was found in 2007-08 when 20% more women than men attending ECC. The gender gap narrowed in 2011-12 when 12% more women than men attended ECC.

Enrollment by Age

In the last 5 years, 65% of enrolled students are between the ages of 18 to 24. Working adults ages 25-44 comprise 27% of enrolled student while 8% of students are ages 45 and older. From 2007-08 to 2008-09, there was a 17% increase in students ages 20-24 and a 13% decrease from 2009-10 to 2010-11. Enrollment among this age group stabilized in 2011-12. Also, there was an 11% decline in enrollment among students ages 19 or younger in 2011-12.

| Age | 2007-08 | 2008-09 | 2009-10 | 2010-11 | 2011-12 |

Enrollment by Ethnicity

The ethnic breakdown of the enrolled students has remained relatively consistent over the last 5 years. Latinos represent the largest ethnic group on campus comprising 40% of the student population, a 9-point rise in 5 years. There was a 2-point rise among Latino students in 2011-12. This may be a reflection of the changes in ethnic coding that the California Community Colleges Chancellor's Office adopted in Fall 2009. In 2011-12, 19% of students were African-American and 17% were White. El Camino College also had a significant Asian population of 17%, which now includes Filipinos.

| Ethnic Group | 2007-08 | 2008-09 | 2009-10 | 2010-11 | 2011-12 |
|-----------------------------|---------|---------|---------|---------|---------|

*Filipino included in Asian count

**As of Fall 2009, "Other" no longer reported

***New ethnic category as of Fall 2009

Enrollment by Day and Evening

Approximately 78% of students enroll in at least one daytime course while 18% are exclusively in evening courses. Daytime and evening enrollments stabilized in the last year. Distance education enrollments decreased by 33% in the last year.

*Irregular meeting times, including distance education.

Enrollment by High School

The majority of enrolled students come from local high schools throughout the South Bay area. The top five high schools include all of the Torrance area high schools (North High, West High, South High and Torrance High) and Redondo High. Due to reduction in sections offered during the 2011-12 academic year, enrollments from all local high schools decreased when compared to the previous year.

Special Programs

Athletics

El Camino College offers a variety of intercollegiate sports teams. Approximately 1% of the student population participates in intercollegiate sports. The largest male sport is football, with an average of 94 players per year. Soccer is the largest female sport with an average of 22 players per year. The number of males and females participating in sports teams remained unchanged for the 2011-12 academic year when compared to the previous year.

| Volleyball | 16 | 15 | 16 | 13 | 14 |
| Water Polo | 7 | 9 | 10 | 12 | 16 |

CalWORKS

CalWORKS is the community portion of the California Work Opportunity and Responsibility to Kids Act. CalWORKS funds assist single parents who are receiving Temporary Assistance for Needy Families (TANF), and those in transitioning off of welfare. It helps students achieve long-term self-sufficiency through coordinated student services. Approximately 1% of the student population participates in CalWORKS. The increase in participants in 2008-09 is likely due to increased reporting requirements along with dramatically scaled up outreach efforts. In addition, CalWORKS teamed up with the Business Division to create a business-focused cohort of students. Beginning in 2009-10, the number of CalWORKS participants has remained stable. In the last year, the number of CalWORKS participants has decreased by 2%.

Disabled Student Program and Services (DSP&S)

In 1972, El Camino College established a special program to assist students with disabilities in their pursuit of a post-secondary education. The purpose of this program is to assist disabled students to perform on an equal basis with non-disabled students in an integrated campus setting. About 6% of ECC students have a registered disability. The most common disability is mobility impairment followed by psychological disabilities. The number of learning disabled students has decreased in the last four years while the “Other” disability category has increased. This is due to changes in practices and consensus in the state of how to categorize certain disabilities.

| Primary Disability | 2007-08 | 2008-09 | 2009-10 | 2010-11 | 2011-12 |
|---------------------------------|--------------|--------------|--------------|--------------|--------------|

| Psychological Disability | 116 | 137 | 168 | 200 | 213 |
| Speech/Language Impaired | 17 | 18 | 15 | 13 | 19 |
| Visually Impaired | 49 | 44 | 54 | 56 | 65 |
| Total | 1,417 | 1,559 | 1,696 | 1,855 | 1,974 |

Extended Opportunity Program and Services (EOP&S)

Extended Opportunity Program and Services (EOP&S) is designed to assist low income and educationally disadvantaged students achieve their educational goals at El Camino College. It provides eligible students with support services in the areas of counseling, peer support, financial assistance, transferring and tutorial services. Approximately 3% of ECC students are in EOP&S or CARE, a single parent support program for EOP&S. In 2011-12, the number of students who participated in EOP&S or CARE decreased by 34%. This decline is due to reduced state funding the program received in the 2011-12 academic year.

Financial Aid

Forty-eight percent of El Camino College students received financial aid in 2011-12, 9 percentage-points higher than the previous year. The largest Financial Aid program is the Board of Governor's Fee Waiver (BOGW). In 2011-12, there was a 2% increase in BOG Fee Waiver recipients. The second largest program is the Federal Pell Grant. The total number of Pell Grant recipients grew from 6,160 in 2010-11 to 7,561 in 2011-12, a 23% increase.

The next largest program is the campus-based-Federal Work Study (FWS) and Federal Supplemental Educational Opportunity Grant (SEOG). In 2011-12, the number of FWS recipients increased by 12% while SEOG recipients increased by 24%.

In the last two years, there was no Standard Loan reported. As of 2010-11, Stafford Loans are part of the Direct Loan program and now fall under the category of Federal Direct Student Loans.

Also there are no Academic Competitiveness Grant recipients reported in 2011-12, due to the fact that this federal grant is no longer being awarded.

International Students

El Camino College's international student program enrolls students originating from more than 65 different countries in Latin America, Europe, Africa, and the Pacific Rim. The number of international students gradually increased from 859 in 2007-08 to 896 in 2009-10. In 2011-12, international student enrollments increased slightly from 829 in 2010-11 to 848.

Veterans

El Camino College is an approved institution of higher learning for veterans. Assistance is provided to veterans in planning educational programs and maintaining compliance with Veterans administration regulations. There were 455 veterans enrolled in 2007-08 and that has increased to 612 in 2010-11. Veteran student enrollments decreased slightly for the first time in 2011-12 to 560.

Success and Retention

Overall Success and Retention

Looking at all courses across the curriculum, there is an average success rate of 67% and retention rate of 82%. Both success and retention rates have been stable for the last 3 years.

Basic Skills Success and Retention

Students who take basic skills courses have an average success rate 57% and retention rate of 80%. In the last year, the success and retention rates increased slightly to 61% and 82%, respectively. Compared to the overall success and retention rates, the 2011-12 basic skills success and retention are 8 percentage points and 1 percentage point lower, respectively.

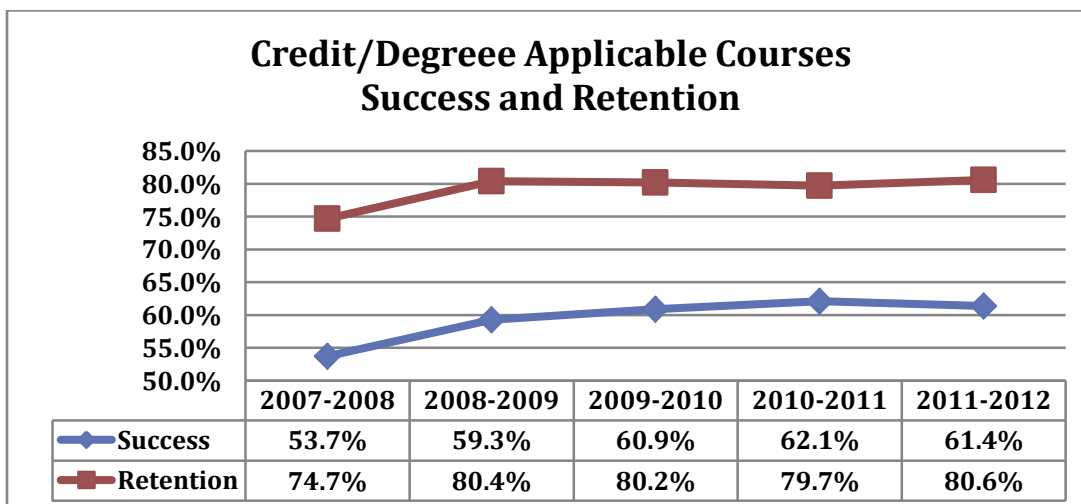

Transferable Success and Retention

The success rate for transfer level courses averages 69%, slightly higher than the overall and basic skills success rates. The average retention rate for transfer level courses is about 82%, the same as the overall and basic skills rates. In 2011-12, the retention and success rates remained unchanged from the previous year (83% and 71%, respectively).

Credit/Degree Success and Retention

The average success and retention rates for non-basic skills, non-transfer courses are lower in comparison to the three previous course types. Over the last five years, credit/degree applicable courses average a 58% success rate and 79% retention rate. In the 2011-12, the success rate increased slightly in the last year to 61% while the retention rate remained the same.

Career and Technical Education Success and Retention

The average success and retention rates for vocational courses are higher in comparison to the four previous course types. Over the last five years, career and technical education courses average a 73% success rate and 85% retention rate. Success and retention rates have been stable for the last 3 years.

Student Outcomes

Basic Skills Successful Course Completion

The success rates for basic skills reading and math increased slightly while there was a slight decrease in writing success rates. In Fall 2010, the reading success rate was 58% and increased to 63% in Fall 2011. Between Fall 2009 and Fall 2010, ESL success rates increased 9 percentage points to 81%. However, between Fall 2010 and Fall 2011 ESL success rates declined 10 percentage points to 71%.

Persistence Rates

Student persistence refers to the tracking of students over several terms. Persistence rates are based on five fall cohorts over four semesters, looking only at fall and spring enrollment. For the Fall 2011 cohort, the 2nd semester persistence rate was similar to the previous cohort. The Fall 2011 first-time, full-time cohort 2nd semester persistence rate was the same as last year's cohort. Overall, the first-time, full-time cohorts have a higher persistence rate than overall fall cohorts.

First Time Full Time Student Persistence over Four Semesters Fall 2007 to Fall 2011 Cohorts

| | 1st semester | 2nd semester | 3rd semester | 4th semester |
|-------------|--------------|--------------|--------------|--------------|
| ■ Fall 2007 | 100% | 82% | 70% | 64% |
| ■ Fall 2008 | 100% | 84% | 72% | 64% |
| ■ Fall 2009 | 100% | 84% | 71% | 65% |
| ■ Fall 2010 | 100% | 86% | 72% | 65% |
| ■ Fall 2011 | 100% | 86% | | |

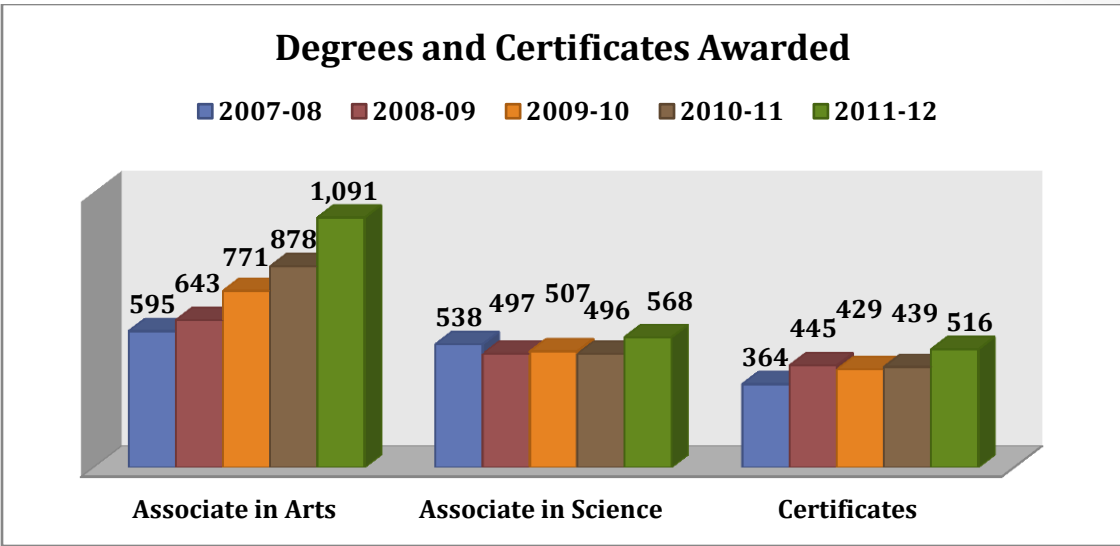

Degrees Awarded

El Camino College has awarded a total of 8,777 degrees and certificates in the last five years. From 2007 to 2010, there has been a moderate increase in the number of degrees awarded that averages 5% per year. There was a 20% increase in degrees awarded from the 2010-11 to 2011-12 academic years

The gap between the number of Associate of Arts and Associate of Science degrees awarded has increased. In 2007-08 there were 57 more AA degrees than AS degrees awarded. In 2011-12, however, there were over 520 more AA degrees than AS degrees awarded. For certificates, there was a 17% increase in the number awarded from the 2010-11 to 2011-12 academic years.

Degrees and Certificates Awarded 2007-2011

| Degrees and Certificates | 2007-08 | 2008-09 | 2009-10 | 2010-11 | 2011-12 |
|--------------------------|---------|---------|---------|---------|---------|
| Associate in Arts | 595 | 643 | 771 | 878 | 1,091 |
| Associate in Science | 538 | 497 | 507 | 496 | 568 |
| Certificates | 364 | 445 | 429 | 439 | 516 |

Transfer Destinations

The number of UC transfers has steadily decreased in the last 3 years due to enrollment restrictions at the UC system. In 2011-12, there were 277 El Camino College students who transferred to a UC school, a 7% decrease from the previous year. The largest UC transfer destinations for ECC students were UCLA and UC Irvine. For the Cal State system, there was a 7% increase in transfers in 2011-12. The largest Cal State destinations were Long Beach and Dominguez Hills with 237 and 221 transfers, respectively. In 2011-12, there were 137 ECC students who transferred to an in-state private institution while 174 students transfer to an out of state institution.

UC System

Source: National Student Clearinghouse¹

¹ Beginning in 2011-12, the California Postsecondary Education Commission (CPEC) will no longer be used to report UC and Cal State transfers. National Student Clearinghouse (NSC) data will now be the source for all transfers numbers and was the source of all transfer counts in this report. More details on transfer data methodology can be found in the *CPEC vs. NSC Transfer Counts Research Brief*.
