

CORE Planning Team Notes 7/22/20

Institutional-Set Goals and Standards

- Successful Enrollment Rate Metric
 - Inability to replicate the metric (compared to Cal Pass Plus)
 - rates/counts went down dramatically with the recent update
 - inconsistent student counts (could be due to El Camino separation)
 - may need to update targets/goals
 - Spam applications? Andrei mentioned thousands of spam applications have been received
 - Feeder high school capture rates, would this be a more meaningful metric?
 - How many students intend on attending when filling out an application?
- Transfer Data
 - El Camino changed the methodology
 - Numbers decreased drastically
 - More investigation needed

Compton College 2024 Action Plan

- The college intends to make the action plan an integral part of day to day operations/planning

Annual Plan Report

- Feedback reports on planning page of IE
- "Closing the loop" on recommendations
- Increased transparency
- Recommendations will continue to be reviewed as funding becomes available
- More work needs to be done to prioritize / filter recommendations while encouraging all departments to participate
- General fund/Categorical programs must be prioritized by September 1st
