 - (a) Pursuant to Education Code Section 88196, every July 1st each permanent unit member shall be credited with a certain number of 50% pay sick leave days plus their full days sick pay to equal 100 sick days. These 50% pay sick days shall be available for use during the year they are credited to the unit member only and shall not accumulate from year to year. These sick days exclude vacation and paid compensatory time.
 - (b) Prior to utilizing any 50% pay sick days, a unit member shall first exhaust all accumulated sick leave. Thereafter, the unit member may utilize 50% pay sick days or other full pay privileges including, but not limited to accumulated vacation. The use of other full-pay privileges shall not reduce the number of 50% pay sick days available to the unit member.
 - (c) If a unit member is on a 50% pay sick leave, and the illness or injury continues into the succeeding fiscal year, the unit member shall be entitled to use only the amount of 50% sick pay days remaining at the end of the fiscal year in which the illness or injury occurred for the same illness or injury.
 - (d) The District at its discretion may require any unit member who requests or utilizes 50% pay sick leave to submit to a physical examination by a District designated physician, provided that the District pays the cost of such examination. The physician's diagnosis and finding shall be submitted to the District by the physician in writing.

10. The employee may convert unused sick leave to retirement credit in accordance with the law.
11. An employee who is absent because of illness shall be required to complete a form provided a statement that such absence was due to illness, injury, or quarantine. An employee on sick leave during a holiday or holiday period shall receive holiday pay for the holiday period, and the days of the holiday period shall not be considered as days of sick or injury leave. 13. In addition, the unit member shall specify, at the commencement of the leave, the number of days the unit member anticipates he/she will be using sick leave, and shall contact his/her immediate supervisor immediately if the unit member's estimates change.
14. A unit member who is absent for five (5) or more consecutive days may be required to submit a physician's statement, verifying the basis for the absence. The District reserves the right to require a physician's statement in cases of absence of less than five work days when the District has reasonable grounds for requiring such a statement. The request for physician's statement and grounds for the request shall be transmitted to the unit member in writing.
15. If the District believes that a unit member cannot safely or adequately perform the duties of his/her position, or if the District has grounds to believe that the purpose of the leave is being abused, the District may require that the unit member be examined by a District selected physician at District expense. Prior to terminating a unit member for abuse of leave, the District shall provide the unit member with at least one written warning of abuse of leave.

G. Industrial Accident

1. Only to the extent provided by law, every bargaining unit member shall be allowed industrial accident and illness leave for not more than sixty (60) working days in one (1) fiscal year for the same accident. Allowable leave shall not be accumulative from year to year. If an industrial accident or illness occurs at a time when the full sixty (60) working days of leave will overlap into the next fiscal year, the bargaining unit member shall be entitled to only that amount remaining at the end of the fiscal year in which the injury or illness occurred by the same illness or injury. Every bargaining unit member shall be entitled to full pay for not more than sixty (60) working days. Any compensation payments based on earnings granted the bargaining unit member under the workers' compensation laws of the state of California shall be endorsed to the Compton Community College District so that the bargaining unit member will receive not more than his/her normal rate of pay.

2. Upon conclusion of the sixty (60) working days leave, entitlement to other paid leaves will then be used. If bargaining unit members are receiving workers' compensation they shall be entitled to use only so much of the person's accumulated or available sick leave, accumulated compensatory time, vacation, or other available paid leave which, when added to the workers' compensation award, provide for a full day's wage or salary.
3. If the bargaining unit member is unable to return at the end of the sixty (60) working days leave, as verified by a physician, medical consultant, or licensed practitioner, and paid leaves are exhausted, the bargaining unit member then will be placed on a six (6) month leave of absence without pay.
4. If the bargaining unit member is unable to resume work at the end of the six (6) month leave without pay, as verified by a physician, medical consultant, or licensed practitioner, the bargaining unit member shall be placed on a re-employment list for a period of thirty-nine (39) month period. When a medical release has been obtained during the 39-month period, the bargaining unit member shall be employed in a vacant position in the class of the person's previous assignment over all other available candidates except for a reemployment list established because of lack of work or lack of funds, in which case the person shall be listed in accordance with appropriate seniority regulations.

1. The District may grant a leave of absence for personal reasons with or without pay for a period of one (1) year to bargaining unit members on permanent status. While on a personal leave, bargaining unit members shall neither lose steps or advance on the salary schedule. Accumulated sick leave and vacation time will not be accrued during the period of such leave. A unit member denied personal leave may appeal to the CEO. If denial is upheld the unit member may appeal to the Board. A personal leave with pay will require Board approval.
2. Employees granted a personal leave of one hundred twenty (120) days or less shall be reinstated into the same class from which they took the leave. Bargaining unit members granted leaves of absence in excess of one hundred twenty (120) days may be reemployed in a position within the same class and/or placed on a thirty nine (39) month reemployment list.
3. Bargaining unit members shall be reinstated to their same classification whenever possible in their position following return from leave of absence.

Any bargaining unit member who has been employed by the District for at least 12 months prior to the commencement of the family care and medical leave and who has actually worked in the District at least 1,250 hours in the immediate preceding 12-month period shall be eligible to take unpaid family care and medical leave in accordance with the provisions of Title 29 of the United States Code, Section 2601, et seq. ("FMLA") and California Government Code Section 12945.2 ("CFRA").
2. Family care and medical leave may be used for the following reasons:

- (a) The birth of the bargaining unit member's child.
 - (b) The placement of a child with the bargaining unit member in connection with the bargaining unit member's adoption or foster care of the child.
 - (c) To care for serious health condition of the bargaining unit member's child, parent, spouse, or registered domestic partner (for CFRA leave only).
 - (d) Because of the bargaining unit member's own serious health condition that makes the bargaining unit member unable to perform the functions of the position in which the bargaining unit member is employed.
3. For purposes of this provision, "serious health condition" means an illness, injury, impairment, or physical or mental condition that involves either:
- (a) in-patient care in a hospital, hospice, or residential health care facility; or
 - (b) absence of three consecutive working days and continuing treatment or continuing supervision by a health care provider.
4. For purposes of this provision, "health care provider" has the same meaning as it is prescribed in Government Code Section 12945.2, subdivision (c)(6).
5. For purposes of this provision, "child" means a biological, adopted or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis who is either:
- (a) under eighteen years of age; or
 - (b) 18 or older and incapable of self-care because of a mental or physical disability
6. For purposes of this provision, "parent" means a biological, foster, or adoptive parent, a stepparent, a legal guardian, or other person who stood in loco parentis to the bargaining unit member when the bargaining unit member was a child.

8. For purposes of this provision, "registered domestic partner" shall be those persons registered with the California Secretary of State pursuant to the provisions of California Family Code Section 297.
9. A bargaining unit member is entitled to family care and medical leave of 12 workweeks within a 12-month period measured forward from the first day of the employee's leave, unless additional leave is granted by the District. However, the entitlement to leave for the birth or placement of a child shall conclude at the end of the 12-month period beginning on the date of such birth or placement.

10. Except in cases of emergency, a bargaining unit member shall give the District's Human Resources administrator reasonable advance notice of his/her intent to take family care and medical leave.

(a) If the event necessitating family care medical leave is known more than 30 calendar days prior to the bargaining unit member's need for leave, the bargaining unit member must provide the District's Human Resources administrator with a 30 calendar day advance written notice of the bargaining unit member's need for leave. Failure to provide at least 30 calendar days advance notice entitles the District to delay commencement of the leave until 30 calendar days have passed from the date of the request.

(b) If the event necessitating family care medical leave is unknown less than 30 calendar days prior to the bargaining unit member's need for leave, the bargaining unit member must provide the District Human Resources administrator with as much advance notice as reasonably possible.

(c) If leave is needed for a planned medical treatment or supervision, the bargaining unit member shall make a reasonable effort to schedule the treatment or supervision to avoid disruption of District operations. This scheduling shall be subject to the health care provider's approval.

11. Family care and medical leave can be taken in multiple periods or intermittently, as medically necessary.

Appendix B - BP2510 Participation in Local Decision Making

COMPTON COMMUNITY COLLEGE DISTRICT BOARD OF TRUSTEES POLICIES

BP 2510 Participation in Local Decision Making

Issued: July 20, 2010

Reference:

Education Code Section 70902(b)(7);
Title 5, Sections 53200 et seq., (Academic Senate), 51023.5 (staff), 51023.7 (students);
Accreditation Standard IV.A

The Board is the ultimate decision-maker in those areas assigned to it by state and federal laws and regulations. In executing that responsibility, the Board is committed to its obligation to ensure that appropriate members of the District participate in developing recommended policies for board action and administrative regulations for CEO action under which the District is governed and administered. Except for unforeseeable emergency situations, the Board shall not take any action on matters subject to this policy until the appropriate constituent group or groups have been provided the opportunity to participate. Nothing in this policy will be construed to interfere with the formation or administration of employee organizations or with the exercise of rights guaranteed under the Educational Employment Relations Act, Government Code Sections 3540, et seq.

Each of the following shall participate in the decision-making processes of the district:

- **Academic Senate(s)** (Title 5, Sections 53200-53206). The Board or its designees will consult collegially with the Academic Senate, as duly constituted with respect to academic and professional matters, as defined by law. Procedures to implement this section are developed collegially with the Academic Senate. "Consult collegially" means that the district governing board shall develop policies on academic and professional matters through either or both of the following methods, according to its own discretion:
 - relying primarily upon the advice and judgment of the academic senate; or
 - agreeing that the district governing board, or such representatives as it may designate, and the representatives of the academic senate shall have the obligation to reach mutual agreement by written resolution, regulation, or policy of the governing board effectuating such recommendations.
- **Staff** (Title 5, Section 51023.5). Staff shall be provided with opportunities to participate in the formulation and development of district policies and regulations that have a significant effect on staff. The opinions and recommendations of the CCCFE Faculty Unit, CCCFE Classified Unit, and other employees will be given every reasonable consideration.
- **Students** (Title 5, Section 51023.7). The Associated Students shall be provided an opportunity to participate effectively in the formulation and development of district policies and procedures that have a significant effect on students, as defined by the California Code of Regulations. The recommendations and positions of the Associated Students will be given every reasonable consideration. The selection of student representatives to serve on district committees or task forces shall be made after consultation with the Associated Students.
- **Consultative Council**. In so far as the California Code of Regulations cited above require the participation of the academic senate, staff and students in decision making that affect them, the Compton Community College District recognizes the Consultative Council as the official

body for the joint involvement of the named groups. The structure of the involvement is detailed in Administrative Regulation AR 2511 Council and Committees Structure.

- The Consultative Council, representative body for campus constituencies, will assist the CEO in the formulation of policy, regulations, and other decisions affecting institutional effectiveness, equal employment opportunity, planning, and budget to be presented before the Board of Trustees.
- Notwithstanding the Consultative Council's role as the official body for the joint involvement of the academic senate, staff and students in decision making, the Academic Senate retains the right independently to consult collegially with the Board or its designees with respect to academic and professional matters and nothing in this policy shall be interpreted as diminishing or otherwise derogating that right. The Board or its designee, the CEO, will listen to the advice of the senate, and when there is disagreement, the Board or the CEO will explain in writing the reason for the disagreement.

Applicable Administrative Regulation:

Administrative Regulation AR 2511 Council and Committee Structure

Appendix C - Education Code Sections regarding Layoff and Re-employment

88014. Notwithstanding Section 88013, the governing board may lay off and reemploy classified employees only in accordance with procedures provided by Sections 88117 and 88127, except the term "personnel commission," as used in Section 88117, shall be construed to mean the governing board.

88015. Notwithstanding any other provision of law, any person who was subject to being, or was in fact, laid off for lack of work or lack of funds and who elected service retirement from the Public Employees' Retirement System shall be placed on an appropriate reemployment list. The district shall notify the Board of Administration of the Public Employees' Retirement System of the fact that retirement was due to layoff for lack of work or of funds. If the person is subsequently subject to reemployment and accepts, in writing, the appropriate vacant position, the district shall maintain the vacancy until the Board of Administration of the Public Employees' Retirement System has properly processed his or her request for reinstatement from retirement.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 3 (commencing with Section 88060).

88017. (a) When, as a result of the expiration of a specially funded program, classified positions must be eliminated at the end of any school year, and classified employees will be subject to layoff for lack of funds, the employees to be laid off at the end of the school year shall be given written notice on or before April 29 informing them of their layoff effective at the end of the school year and of their displacement rights, if any, and reemployment rights. However, if the termination date of any specially funded program is other than June 30, the notice shall be given not less than 45 days prior to the effective date of their layoff.

(b) When, as a result of a bona fide reduction or elimination of the service being performed by any department, classified employees shall be subject to layoff for lack of work, affected employees shall be given notice of layoff not less than 45 days prior to the effective date of layoff, and informed of their displacement rights, if any, and reemployment rights.

(c) (1) A classified employee may not be laid off if a short-term employee is retained to render a service that the classified employee is qualified to render. This subdivision does not create a 45-day layoff notice requirement for any individual hired as a short-term employee, as defined in Section 88003, for a period not exceeding 45 days.

(2) This subdivision does not apply to the retention of a short-term employee, as defined in Section 88003, who is hired for a period not exceeding 45 days after which the short-term service may not be extended or renewed.

(d) This section does not preclude the governing board of a community college district from implementing either of the following without providing the notice required by subdivision (a) or (b):

(1) A layoff for a lack of funds in the event of an actual and existing financial inability to pay the salaries of classified employees.

(2) A layoff for a lack of work resulting from causes not

foreseeable or preventable by the governing board.

(e) This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 3 (commencing with Section 88060) of this chapter.

88117. Persons laid off because of lack of work or lack of funds are eligible to reemployment for a period of 39 months and shall be reemployed in preference to new applicants. In addition, such persons laid off have the right to participate in promotional examinations within the district during the period of 39 months.

Employees who take voluntary demotions or voluntary reductions in assigned time in lieu of layoff or to remain in their present positions rather than be reclassified or reassigned, shall be granted the same rights as persons laid off and shall retain eligibility to be considered for reemployment for an additional period of up to 24 months; provided, that the same tests of fitness under which they qualified for appointment to the class shall still apply. The personnel commission shall make the determination of the specific period of eligibility for reemployment on a class-by-class basis.

Employees who take voluntary demotions or voluntary reductions in assigned time in lieu of layoff shall be, at the option of the employee, returned to a position in their former class or to positions with increased assigned time as vacancies become available, and without limitation of time, but if there is a valid reemployment list they shall be ranked on that list in accordance with their proper seniority.

88127. Classified employees shall be subject to layoff for lack of work or lack of funds. Whenever a classified employee is laid off, the order of layoff within the class shall be determined by length of service. The employee who has been employed the shortest time in the class, plus higher classes, shall be laid off first. Reemployment shall be in the reverse order of layoff.

For purposes of this section, for service commencing or continuing after July 1, 1971, "length of service" means all hours in paid status, whether during the school year, a holiday, recess, or any period that a school is in session or closed, but does not include any hours compensated solely on an overtime basis as provided for in Section 88027. Nothing in this section shall preclude the governing board of a community college district from entering into an agreement with the exclusive representative of the classified employees that defines "length of service" to mean the hire date.

If a governing board enters into an agreement with the exclusive representative of classified employees that defines "length of service" to mean the hire date, the governing board may define "length of service" to mean the hire date for a classification of employee not represented by any exclusive bargaining unit.

Nothing in this section shall preclude the granting of "length of service" credit for time spent on unpaid illness leave, or unpaid industrial accident leave. In addition, for military leave of absence, "length of service" credit shall be granted pursuant to Section 88116.

"Hours in paid status" shall not be interpreted to mean any service performed prior to entering into a probationary or permanent status in the classified service of the district except service in restricted positions as provided in this chapter.
