Accreditation

Q: How much longer will the CCCD be in a partnership with El Camino College?

A: The Compton Community College District Board of Trustees approved [Resolution No. 10-16-2018A](#) at its October 16, 2018 meeting terminating the [agreement dated November 30, 2016](#). Effective June 7, 2019, at 11:59 p.m., the partnership agreement between the two districts will come to an end. At this time, Compton College will operate as an independent college under the authority of the CCCD Board of Trustees.

COMPTON COLLEGE TRANSITION

As Compton College completes the process to become an accredited college under the governing authority of the Compton Community College District (CCCD) by summer 2019, please be assured that multiple measures are underway to ensure a smooth transition. We anticipate a seamless continuation of all academic and support programs provided to our students as Compton College becomes a fully independent college, separate from the El Camino Community College District.

As part of the process, we will ask all current Compton College students to submit a release form allowing El Camino College to transfer educational, student and financial aid records to the Admissions and Records Office at Compton College. As of June 7, 2019 at 11:59 p.m., courses for the 2019-2020 school year will be offered under the authority of the CCCD, and all students earning degrees or certificates at Compton College will be issued a Compton College diploma awarded by the Compton Community College District.

Compton College Student Success

Faith Minor

"Compton College has a very supportive environment. Everyone is really positive, especially the professors and administration."

Compton College's 2018 commencement student speaker transferred to CSU Dominguez Hills in fall 2018 as an administration of justice major. Regular visits to the counseling office and tutoring services helped Faith maintain an overall 4.0 GPA at Compton College.

Dayshawn J. Loudon

"Compton College doesn't allow your circumstances to get in the way of your education. The faculty and staff provide the tools and resources to help students succeed."

Dayshawn is a political science major who transferred to UCLA in fall 2017 as the recipient of the Chancellor's Blue and Gold Scholarship. At Compton College, he was an active member of ASB, EOPS, Youth Empowerment Strategies for Success, and utilized the Transfer Center.

Why are students not completing certain majors at Compton College?

- National challenge all colleges are facing – shift from access to completion.
- For over a decade, Compton College has been offering degrees and certificates based on El Camino College's approved curriculum and programs.
- We are now transitioning away from this model, and must ensure that students can start and finish their degrees at Compton College. To do this, the college is committing to:
 - Focus on Compton College approved degrees and certificates
 - Define clear pathways to enter and complete these programs of study
 - Offer and run all classes that are required to complete a program of study
 - Provide high-levels of support to help students succeed in their classes

DISTRICT FINANCES

Community Meeting – April 17, 2019

No Financial Audit Findings

Four Years of Audits with No Findings

From 2014 through 2018, the Compton Community College District has had “ZERO” findings on its annual third-party fiscal audits.

- [Annual Financial and Budget Report 2017-2018](#)
- [Annual Financial and Budget Report 2016-2017](#)
- [Annual Financial and Budget Report 2015-2016](#)

Measure C and Measure CC

As outlined in Education Code Section 15278, the role of the Compton Community College District (CCCD) Citizens' Bond Oversight Committee is to "inform the public concerning the District's expenditure of revenues received from the sale of bonds authorized by the voters."

The Citizens' Bond Oversight Committee (CBOC) are appointed by the Special Trustee for the CCCD and serve a term of two years, with a two-term maximum.

The passage of Measure CC in November 2002 authorized the issuance of \$100 million in general obligation bonds.

In November 2014 voters passed Measure C, which authorized the district to issue up to \$100 million of general obligation bonds for up to 28 capital construction and renovation projects.

For more information about the CBOC and to view the annual reports, visit: www.district.compton.edu/measure_cc_bond/index.asp.

Bond Rating

October 17, 2018: the Compton Community College District (CCCD) issued \$50.4 million in general obligation bonds.

- \$12.4 million Election 2002 Measure CC, Series 2018E and \$38.0 million Election 2014 Measure C, Series 2018A bonds.
- The bonds priced at an all-in true interest cost of 4.299%.
- The bond proceeds will be used to upgrade and modernize facilities on the Compton College campus.

Bond sale process: CCCD staff participated in rating meetings with both Standard & Poor's and Moody's Investors Service.

- Earlier this year, Moody's upgraded the District's rating to "A1". The outcome of the rating meetings for Moody's was to revise its "Outlook" on the bonds to "Positive" from "Stable".
- Standard & Poor's also revised its Outlook on the District's bonds to "Positive" and affirmed the credit rating as "A+".
- Both rating agencies cited the District's strong financial situation as well as its management and operational flexibility as reasons for their Positive Outlooks.
- The Positive Outlooks put the District in a good position for future upgrades.

Transition Funding

State Budget includes \$11.3 million in Transition Funding

The 2017-2018 California State Budget included \$11.3 million in funding for the Compton Community College District (CCCD) to support Compton College's transition to an accredited institution under the authority of the CCCD Board of Trustees.

Included in the funding was \$4.1 million for the purchase and installation of an Enterprise Resource Planning system/Student Information System to manage admissions, registration, and financial aid for Compton College. This system will assist the college with maintaining data for students, employees, alumni, and donors.

FACILITIES UPDATE

Completed Facilities Projects

The Compton Community College District grounds continue to improve thanks to funds from Measure CC and Measure C supported by voters in 2002 and 2014, respectively. Projects completed in the last three years include:

- **Student Health Center:** installation of a modular building to house the Student Health Center. Completed: March 2017
- **Music Building North Wing & Little Theater:** the \$3 million Music Building renovation project included upgrades to the 220-seat Little Theater. Completed: December 2016
- **Cosmetology Facility:** installation of a modular building in Tartar Village to house the new cosmetology program. Completed: August 2016
- **Allied Health Building:** construction on a new \$12 million, state-of-the-art Allied Health Building to house the nursing and child development programs. Completed: December 2015
- **Football Stadium and Track:** renovation of the existing football field and track and installation of new synthetic turf on the field. Completed: September 2015

Current Construction Projects

Current construction projects:

- **Public Safety Building:** a groundbreaking ceremony occurred in July 2018 for construction of a \$4.7 million, all-new building to house the Compton District Police Department. Estimated Completion: Summer 2019
- **Instructional Building 1:** The \$18.8 million project includes the removal of Row Buildings G, half of F, two-thirds of E, and Modular Buildings M1 and M2 (total of six structures) and replace them with a new, state-of-the-art instructional building. Estimated Completion: Spring 2021

Future Facilities Projects

Upcoming facilities projects in the planning stages include:

- **Instructional Building 2:** this \$25.6 million project involves the removal of Row Building D, and the remainder of Row E and F buildings, and construction of a second state-of-the-art instructional building on campus. Estimated Completion: Fall 2021
- **Student Services Building / Administration Building:** a \$20.4 million facility will become a one-stop hub for all student services. The project involves the demolition of the old Library building, and renovation of the existing Administration Building. Estimated Completion: Spring 2021 / Fall 2021
