Subject: Confirmed COVID-19 Case at Compton College - September 17, 2020

Campus Community,

On ***Tuesday, September 15, 2020***, Compton College received notification from an employee, stating they tested positive for COVID-19, the disease caused by the 2019 novel coronavirus. To protect this individual's privacy, the individual's identity and personal information are considered confidential and may not be disclosed. The individual last worked on campus on ***Tuesday, July 28, 2020***. The individual was tested on ***Monday, September 14, 2020***, and was confirmed to have COVID-19 on ***Monday, September 14, 2020***.

On ***Friday, September 4, 2020***, Compton College received notification that a student tested positive for COVID-19, the disease caused by the 2019 novel coronavirus. Through our contact tracing, on ***Tuesday, September 15, 2020***, we confirmed the student has not been on campus this semester. To protect this individual's privacy, the individual's identity and personal information are considered confidential and may not be disclosed. The student confirmed to have COVID-19 on ***Tuesday, September 1, 2020***, and retested on ***Tuesday, September 15, 2020***, and is COVID-19 Negative.

Since these individuals weren't on campus while infectious, no impact on other members of the College community has been identified. The [Compton CCD Pandemic Outbreak - Emergency Operations Plan](#) guides our response to the possible scenarios that may occur as the COVID-19 situation progresses. Compton CCD is still operating at **Level Four – Severe Infection Rate**. Compton College is presently offering alternative academic instruction and online student support services. Today, I will send a communication to the campus community. The information regarding the confirmed cases will also be posted on the college website. If you have any questions or concerns, please let me know.

Sincerely,

Keith Curry, Ed.D.
