## Unit Limitations

The student's program of studies will vary according to individual needs and objectives. The maximum full-time student program for a semester is 18 units without a physical education class and 19 units with a physical education class. The maximum program of study for a six-week summer session is eight units. The maximum program for an eight-week summer session is nine units if one unit is physical education. For the winter term, the maximum program of study is seven units. A student wishing to take more than the maximum units may file an Overload Petition through the Admissions & Records Office. Students must have completed at least 15 transferable units in one semester at Compton College with a 2.75 grade-point average and an overall grade-point average of 2.5 or higher to be eligible for an overload.

## Fees and Fee Holds

Students are required to pay fees within ten (10) days of their enrollment in courses (AR-5031). A non-payment hold may be placed on a student record if registration fees are past due. This hold will prevent the student from registering or adding additional courses for the next and/or future semesters.

### Removing a Fee Hold

## Admissions Requirements

Any person over the age of 18 or possessing a high school diploma or its equivalent from the USA or other nation shall be admitted unless prohibited by law. If under the age of 18, students will qualify if they have 1) graduated from high school or 2) passed the California High School Proficiency Examination. Compton College may admit as a special part-time or special full-time student anyone in grades 11 or 12 who, in the opinion of the college president, may benefit from instruction.

Concurrently enrolled 11th- and 12th-grade students must comply with all policies, follow all procedures, and meet all requirements by the published deadlines for each semester and/or term.

## Attendance

Students who enroll in a class but do not attend the first scheduled class meeting may be dropped from the roster. Additionally, their place in the class will be given to students on the waiting list. If an illness or emergency prevents a student from attending the first class session, the student must contact the instructor. A student who registers for a class and never attends is still responsible for dropping the class. Failure to properly drop a class by the appropriate deadline may result in a "W" and may hold the student responsible for any and all fees associated with the class. The burden of proof is on the student.

## California Residency

California State Assembly Bill 540 (AB540) allows any student who meets all of the following requirements to be exempt from paying nonresident tuition at California Community Colleges, the California State University (CSU), and the University of California (UC).

1. The student must have attended a high school (public or private) in California for three or more years or have attained credits equivalent to three or more years of high school coursework and a combination of three or more years at a California elementary or secondary school and
2. The student must have graduated from a California high school (public or private) or attained the equivalent (e.g., General Educational Development - GED or California High School Proficiency Exam) prior to the start of the term at Compton College.

A student who meets the above requirements must file an affidavit with the Admissions & Records Office at Compton College stating that he/ she has an application to legalize his/ her immigration status or will file an application as soon as he/she is eligible to do so. In addition to the affidavit, the student must also provide an official high school transcript that clearly shows attendance in all semesters and the date of high school graduation. If the student attended more than one California high school, then official transcripts from all high schools must be provided. If the student graduated through equivalency as mentioned above, then proof must be provided.

Student information obtained in this process is strictly confidential unless disclosure is required under the law. Students who meet the criteria will be exempted from the payment of nonresident tuition but will not be

classified as "California Residents." Students will continue to be classified as "Nonresidents." Students who are in the United States under a student or visitor visa are not eligible.

## Drops and Withdrawals

It is the student's responsibility to process an official withdrawal from class. Failure to do so may result in a letter grade of A through F. A student who fails to properly register or add a class will NOT receive credit for that class. Adding after the deadline is prohibited. If a student drops after the refund deadline, fees for the classes are forfeited. Any class subsequently added will require additional fees.

Students who want to transfer to a different section must complete a Section-Level Transfer form located online at [www.compton.edu/student-services/admissionandrecords/Forms.aspx](http://www.compton.edu/student-services/admissionandrecords/Forms.aspx).

Order transcripts and clear prerequisites prior to registration. Clearance for an equivalent course may be obtained electronically.
