### Consortium Eligibility Requirements

A student may **not** receive federal financial aid funds for enrollment at two schools during the same enrollment period. Therefore, the student must request an enrollment agreement between the Primary College and the Secondary College. The student is required to provide the Financial Aid Office at El Camino College with an official academic transcript as soon as the grades from the Secondary College are available.

The enrollment status of a student attending more than one school under a Consortium Agreement is based on all the courses taken that apply to the degree or certificate at the Primary College.

### Certification

My signature below certifies that I understand the terms and conditions of concurrent enrollment. I understand that approval of the Consortium Agreement is for one semester at a time and must be submitted by the deadlines. **I also understand that my financial aid will be disbursed after I submit official academic transcript(s) from the Secondary College showing completion of courses by the deadline.**
