The proposed 2015-2016 Compton Community College District Final Budget is submitted for your review and approval. The Compton Community College District Budget Book includes the 2015-2016 budgets for all funds and other important information.

The Final Budget is based upon the information currently available from the California Community Colleges Chancellor's Office. For the 2015-2016 fiscal year, the El Camino College Compton Center will be funded for 5,216 Full-Time Equivalent Students (FTES), which is approximately 800 FTES below our funding from the 2014-2015 year. This represents a \$3.7 million reduction in FTES funding for the 2015-2016 year. However, the district will receive additional one-time funding from the State of California which will mitigate the reduction in FTES funding for the 2015-2016 year.

The Final Budget was developed to achieve 5,860 FTES. The El Camino College Compton Center will offer 1,500 course sections to meet that FTES target. The Final Budget includes a Cost of Living Adjustment (COLA) of 1.02% for base apportionment revenue. The Final Budget includes a transfer of \$200,000 from the Unrestricted General Fund to the line of credit fund for expenses from the 2009-2010 fiscal year. After this transfer, the total amount due to the line of credit is \$1,400,000. This is the third in a series of yearly transfers to the line of credit fund.

The Final Budget includes the following expenses to address Compton Community College District long-term liabilities, increasing the Other Post-Employment Benefits (OPEB) payment to \$750,000, establishing a State Teachers' Retirement (STRS)/Public Employees' Retirement (PERS) fund and transfer \$500,000 to address our future STRS/PERS obligations, and increasing the line of credit repayment to \$1,500,000.

The Final Budget maintains a reserve above the minimum 10% level as required by Compton Community College District Board Policy 6200.

The proposed Final Budget will be available for inspection beginning August 25, 2015. The Public Hearing and your adoption of the Final Budget is scheduled for Tuesday, September 8, 2015 at 5:00 p.m. in the Boardroom.

Sincerely,

A handwritten signature in blue ink, appearing to read "Keith Curry", is written over a light blue circular background.

Budget Summary

**Balanced Budget**

The budget is balanced utilizing revenues and fund balance to cover expenditures.

**Integrated Planning and Budgeting**

The District has used program review and/or strategic planning processes to determine their highest priority goals and objectives. This budget has been constructed to match District resources with those goals and objectives. It is important that the Compton Community College District and the Compton Community Educational Center maintain focus on student access, along with a fiscally responsible long-term vision. The following principles guided the Compton Community College District 2015-2016 Budget Planning Process:

1. Student learning and student success is a key to every recommendation and decision.
2. Programs and student support services will be of high quality and appropriately supported.
3. All efforts will be made to create and support revenue generating opportunities.
4. Creating a dynamic, flexible organization that can easily adapt as future changes to our State's economy unfold.

**State Budget Update <sup>1</sup>**

The California Community Colleges are publicly supported local educational agencies that provide educational, vocational, and transfer programs to approximately 2.1 million students. The Community College system is the largest system of higher education in the world, with 72 districts, 112 campuses, and 72 educational centers. By providing education, training, and services, the Community Colleges contribute to continuous workforce improvement. The Community Colleges also provide remedial instruction for hundreds of thousands of adults across the state through basic skills courses and adult non-credit instruction. The California Community Colleges also provide students a lower-cost alternative through the transfer pathway to obtain a four-year degree.

Significant Adjustments:

- *Investing in Student Success* — The Budget provides an increase of \$185 million Proposition 98 General Fund to improve and expand student success programs and to strengthen efforts to assist underrepresented students. This includes \$100 million to increase orientation, assessment, placement, counseling, and other education planning services. It also targets \$85 million to close gaps in access and achievement between

underrepresented student groups and their peers, as identified in local student equity plans. To provide additional support to current and former foster youth, the Budget specifies that up to \$15 million of these funds shall be used to implement Chapter 771, Statutes of 2014 (SB 1023). This legislation specifies additional services for foster youth already participating in Extended Opportunity Programs and Services at up to ten community colleges.

- *Increased Operating Expenses* — The Budget provides an additional \$266.7 million Proposition 98 General Fund to increase base allocation funding in recognition of increased community college operating expenses in the areas of facilities, retirement benefits, professional development, converting part-time faculty to full-time, and other general expenses.
- *Apportionments* — The Budget provides an increase of \$156.5 million Proposition 98 General Fund for growth in general-purpose apportionments, which represents a 3-percent increase in full-time equivalent enrollment. The 2014 Budget directed the Board of Governors to adopt a growth formula that gives first priority to districts identified as having the greatest unmet need in adequately serving their communities' higher educational needs. The new growth formula begins this year. The Budget also provides an increase of \$61 million Proposition 98 General Fund for a cost-of-living adjustment of 1.02 percent.
- *Full-Time Faculty* — The Budget provides \$62.3 million Proposition 98 General Fund to increase the number of full-time faculty within each community college district. Funding is allocated based on full-time equivalent enrollment to all community college districts, but community college districts with relatively low proportions of full-time faculty will be required to increase their full-time faculty more than districts with relatively high proportions of full-time faculty. In total, it is expected that approximately 670 full-time faculty positions will be created by this proposal.
- *Basic Skills and Student Outcomes Transformation Program* — The Budget provides \$60 million Proposition 98 General Fund to assist community colleges in improving delivery of basic skills instruction by adopting or expanding the use of evidence-based models of placement, remediation, and student support that accelerate the progress of underprepared students toward achieving postsecondary educational and career goals.
- *Basic Skills Partnership Pilot Program* — The Budget provides \$10 million Proposition 98 General Fund for a pilot program to provide incentives to community college districts, the CSU, and high schools to coordinate their efforts to provide instruction in basic skills to incoming CSU students in an efficient and effective way.
- *Adult Education Block Grant* — The Budget provides \$500 million Proposition 98 General Fund to implement the Adult Education Block Grant as discussed in the K thru 12 Education Chapter.

- *Apprenticeship Programs* — The Budget provides an increase of \$29.1 million Proposition 98 General Fund for expansion of apprenticeship programs. This includes \$14.1 million to grow existing apprenticeship programs and \$15 million to create innovative apprenticeship demonstration projects that focus on new and emerging industries with unmet labor market demand.
- *Career Technical Education* — The Budget provides \$48 million one-time Proposition 98 General Fund to support the Career Technical Education Pathways Program at the Chancellor’s Office. These funds provide resources for community colleges to develop, enhance, and expand career technical education programs that build upon existing regional capacity to meet regional labor market demands.
- *Enhanced Non-Credit Rate Change* — The Budget provides \$49.5 million Proposition 98 General Fund to reflect an increase adopted with the 2014 Budget in the funding rate for career development and college preparation non-credit courses (also known as CDCP or enhanced non-credit) to equal the rate provided for credit courses. Career development and college preparation non-credit courses offer flexibility for community colleges to design and deliver courses better suited for students pursuing career technical education. The lower funding rate, along with the higher cost of career technical education, serve as barriers to many community colleges offering career development and college preparation instruction in a manner that best supports student success.
- *Implementing Statewide Performance Strategies* — The Budget provides \$15 million Proposition 98 General Fund to implement strategies to improve college performance in student success and outcomes. Of this amount, \$3 million will provide local technical assistance to support the implementation of effective practices across all districts. The additional \$12 million will be utilized to develop and disseminate effective professional, administrative, and educational practices, including the specific development of curriculum and practices for members of the California Conservation Corps, and for incarcerated and formerly incarcerated adults.
- *Cal Grant B Access Awards for Community Colleges* — The Budget provides \$39 million Proposition 98 General Fund to augment Cal Grant B Access Awards for community college students taking 12 or more units. These funds will assist community college students with their living costs. The Budget also provides \$3 million one-time Proposition 98 General Fund for community college districts to establish administrative procedures for distributing these supplemental awards.
- *Baccalaureate Degree Pilot Program* — The Budget provides \$6 million one-time Proposition 98 General Fund to support districts’ start-up costs for the implementation of the Baccalaureate Degree Pilot Program established by Chapter 747, Statutes of 2014 (SB 850).
- *Extended Opportunity Programs and Services* — The Budget provides \$33.7 million Proposition 98 General Fund to provide support services to disadvantaged students.

- *Deferred Maintenance and Instructional Equipment* — The Budget provides \$148 million one-time Proposition 98 General Fund that colleges can use for deferred maintenance, instructional equipment, and specified water conservation projects. Community colleges will not need to provide matching funds for deferred maintenance in 2015-16. These resources will allow districts to protect investments previously made in facilities, and to improve students' experience by replenishing and investing in new instructional equipment.
- *Mandate Backlog Payments* — The Budget provides \$604 million Proposition 98 General Fund to continue paying down outstanding mandate claims by community colleges. These payments will further reduce outstanding mandate debt, while providing community colleges with one-time resources to address various one-time needs, such as curricula redesign and start-up costs for new career technical education programs.
- *Categorical Program Cost-of-Living Adjustment* — The Budget allocates \$2.5 million Proposition 98 General Fund to provide a 1.02-percent cost-of-living adjustment for the Disabled Student Programs and Services program, the Extended Opportunities Programs and Services program, the Special Services for CalWORKs Recipients program, and the Child Care Tax Bailout program.
- *Eliminating Apportionment Deferrals* — The Budget provides \$94.5 million Proposition 98 General Fund to eliminate deferrals consistent with the revenue trigger included in the 2014 Budget. Inter-year Community College deferrals had reached a high of \$961 million in the 2011-12 fiscal year.

# APPENDIX

## Compton Community College District Base Revenue

Final Budget – FY2016

On the basis of each district's "Full Time Equivalent Students" (FTES), the State of California "apportions" or distributes part of the State School Fund to the 72 community college districts in the State. This apportionment, designated as the district's total available general revenue is currently received from four sources:

- Enrollment Fees
- Property Tax
- State General Apportionment
- Education Protection Account (EPA)

The amount of enrollment fees, property taxes, and education protection account estimated to be received by the District is subtracted from the total apportionment calculated by the State. The balance remaining is the amount of state general apportionment that the district will receive during the fiscal year. If enrollment fees, property taxes, or education protection account received are higher than originally estimated, the State reduces that district's apportionment correspondingly. It is important to note that the funding provided from the Education Protection Account (EPA) is only temporary. The funding of EPA is comprised of sales tax increases which are set to expire at the end of 2016 and income tax increases set to expire at the end of 2018. At the end of the expiration terms of these temporary tax increases, the state would be obligated to fund districts the differences from the state general fund.

New legislation, SB 361, was introduced in 2006 that changed the funding formula for community college districts beginning with the 2006-07 year. The total allocation to each district is computed on the basis of three factors:

- Base Funding (basic allocation);
- Credit FTES Revenues;
- Non-Credit FTES Revenues

Basic allocation revenue is a dollar amount allocated to districts based on the number and the size of colleges and centers for each district.

SB361 calculated a 90<sup>th</sup> percentile equalization credit FTES target rate of \$3,955, which was derived using 2005-06 base data. The target rate is increased each year by a statewide inflation adjustment factor (COLA). The 2014-2015 base funding rates were \$4,675.90 for Credit FTES and \$2,811.75 for Non-credit FTES. The 2015-2016 COLA of 1.02% provided approved in the Governor's Budget increasing base funding rates to \$4,723.59 for Credit FTES and \$2,840.43 for Non-credit FTES.

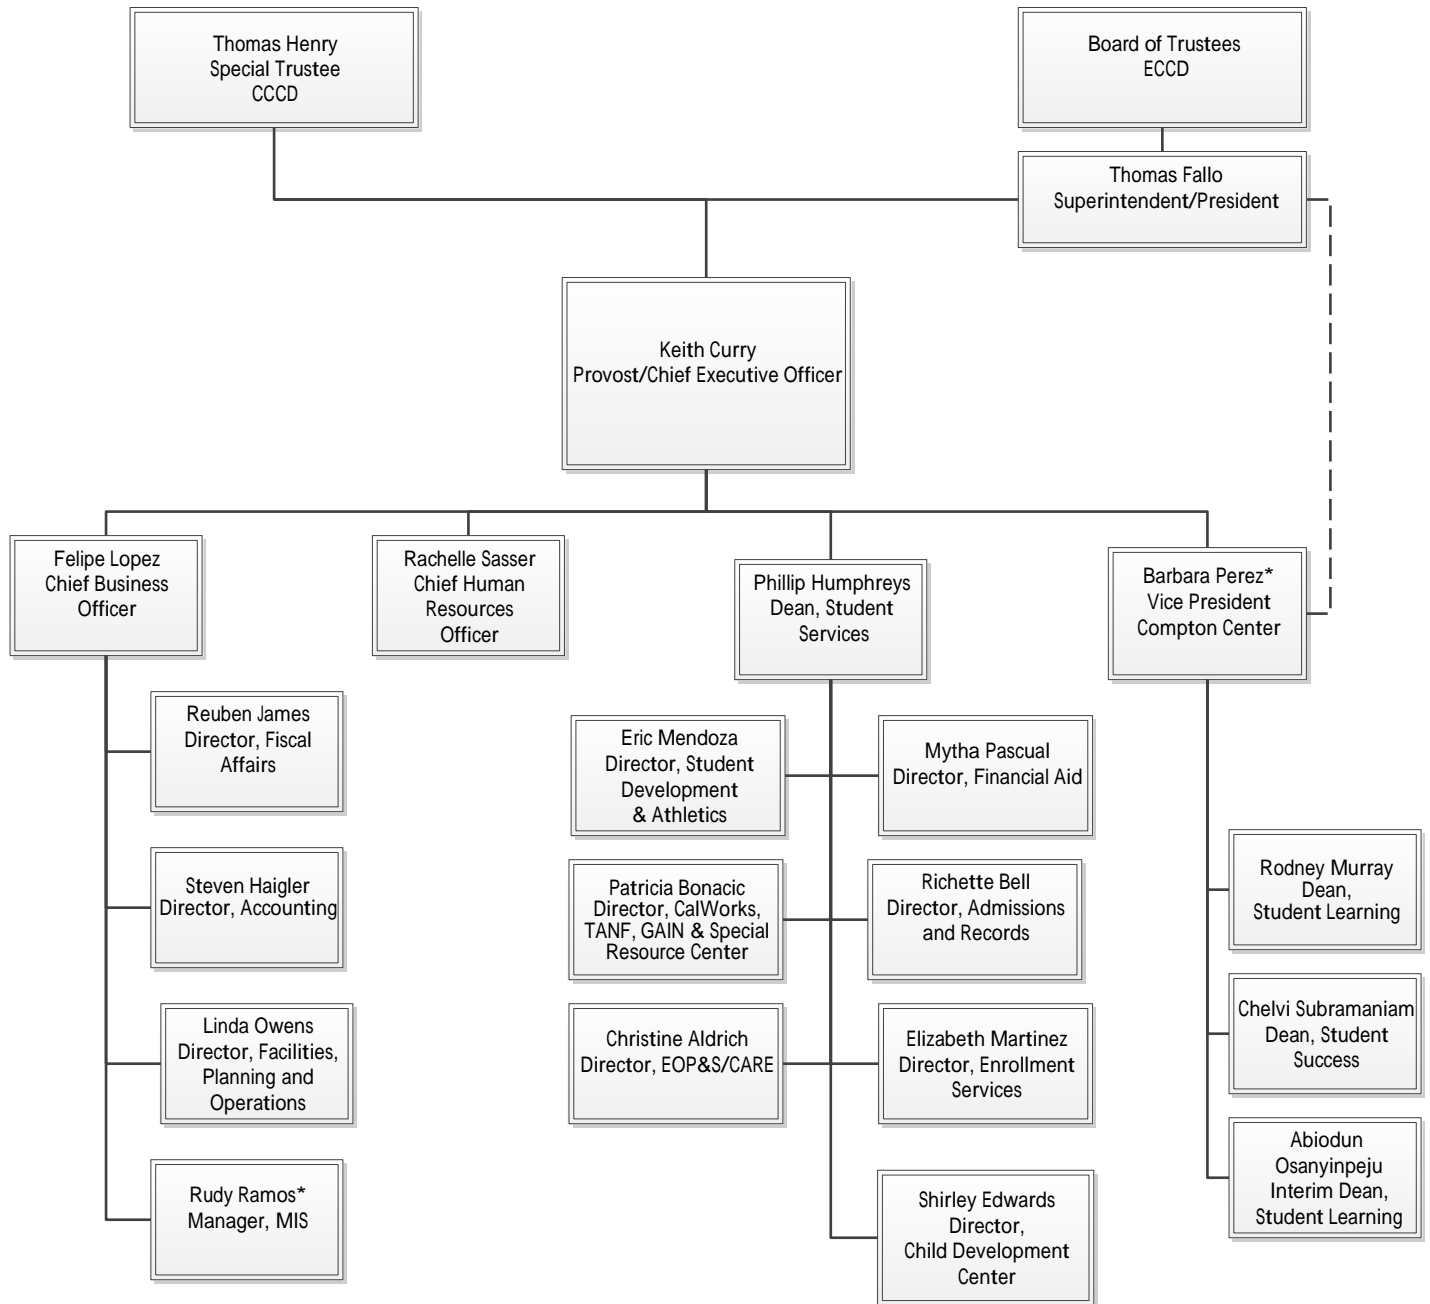

The Base Revenue for 2015-2016 was computed based on 5,837 credit FTES and 23 non-credit FTES.

Full-Time Faculty Obligation

Assembly Bill 1725 (Statutes of 1988, Education Code Section 87482.6) and implementing regulations (California code of Regulations, Title 5, Sections 52015 and 53300, et seq.) established a goal for percentage of hours of credit instruction to be taught by full-time instructors at 75%. During the 1997 year, the Consultation Council proposed a revision to the regulations to include non-instructional faculty\* as part of this goal. Regulations to incorporate this revision were adopted by the board of Governors. If the obligation is not met, the apportionment will be reduced by the statewide average of faculty replacement cost for each position below the obligation number.

# GLOSSARY

Glossary of Finance Terms

This glossary is an attempt to explain community college finance terminology in language which makes sense to the general public. Most of the terms included have appeared in the text of this report. A few additional terms have been included which come up frequently in discussions of college budgets, revenues, and expenditures.

**ACCOUNTING** - The process of identifying, measuring, and communicating financial information to permit informed judgments and decisions by users.

**ALLOCATION** - Division or distribution of resources according to a predetermined plan.

**ALTERNATIVE RETIREMENT PLAN (ARP)** – An option to the STRS and PERS plans available to employees taking a part-time certificated teaching or management position.

**APPORTIONMENT** - Federal or State taxes distributed to college districts or other governmental units according to certain formulas.

**APPROPRIATION** - An allocation of funds made by a legislative or governing body for a specified time and purpose.

Assessed value is either the appraised value of any newly built or purchased property or the value on March 1, 1975, of continuously owned property, plus an annual increase. This increased is tied to the California Consumer Price Index but may not exceed 2%.

**AUGMENTATIONS** - Augmentation requests should be based on needs assessment and/or program review. An augmentation is a one-time addition to the current year budget.

**AUXILIARY OPERATIONS** - Supportive services and/or specialized programs for the general benefit of the college. The governing board of a community college district may establish auxiliary organizations for the purpose of providing supportive services and specialized programs for the general benefit of its college. Education Code Section 72670 provides examples of entities that may be considered as auxiliary organizations.

**AVERAGE DAILY ATTENDANCE (ADA)** - The student workload unit formerly used as the basis for computation of State support for California Community Colleges. An ADA represents 525 class (contact) hours of student instruction/activity. The term ADA has been replaced by Full-Time Equivalent Student (FTES).

**BASE FUNDING** - Under current financing legislation, each district has a base amount of combined property taxes, enrollment fees, and apportionment which the State will fund during any fiscal year. This base is equivalent to the prior year's income if the district earned all the

FTES it was allowed under its "cap". When enrollment declines, the following year's base is reduced.

**BASE REVENUE** - The district's total prior year revenue from state general apportionments, local property tax revenue, and student enrollment fees, adjusted when applicable for projected deficits.

**BASE YEAR** - A year to which reference is made when projecting a current condition.

**BLOCK GRANT** - A fixed sum of money, not linked to enrollment/FTES measures.

**BOGW - BOARD OF GOVERNORS Enrollment Fee Waiver** – A waiver of enrollment fees available to California residents who apply through the Financial Aid Office and meet various qualification criteria.

**BOARD OF GOVERNORS** – The statewide governing board of the community colleges. The members are appointed by the Governor. The Board hires the chancellor of the California Community Colleges and makes policy decisions that affect all districts. **BOND** - A means of long-term debt financing. See General Obligation Bond.

**BOOKSTORE FUND** - The fund designated to receive the proceeds derived from the district's operation of a community college bookstore (Education Code Section 81676). All necessary expenses, including salaries, wages, and cost of capital improvements for the bookstore may be paid from generated revenue.

**BUDGET** - A plan of financial operation for a given period for a specified purpose consisting of an estimate of revenue and expenditures (ideally, an educational plan expressed in dollars).

**BUDGET ACT** - The legislative vehicle for the state's budget appropriations. The constitution requires that it be passed by a two-thirds vote of each house and sent to the governor by June 15 each year. The governor may reduce or delete, but not increase, individual items.

**BUDGETING** - The process of allocating available resources among potential activities to achieve the objectives of an organization.

**CHILD DEVELOPMENT FUND** - The fund designated to account for all revenues for on or from the operation of childcare and redevelopment services.

**CURRENT EXPENSE OF EDUCATION (CEE)** - ECS 84362 - The current General Fund operating expenditures excluding expenditures for food services, community services, object classifications, 6000 (except Equipment Replacement) and 7000, and other costs specified in law and regulations.

**EDUCATIONAL PLAN** – A chapter in the Master Plan that reviews the operational plans for the next three years of ALL departments, work units and programs within all divisions in all vice presidential areas.

**EDUCATIONAL REVENUE AUGMENTATION FUND (ERAF)** – In 1992, the State of California began shifting local property tax revenues from cities, counties, and some special districts into funds to support schools and reduce the State general fund cost of education under Proposition 98.

**ENCUMBRANCES** - Obligations in the form of purchase orders, contracts, salaries, and other commitments for which part of an appropriation is reserved.

**FULL-TIME EQUIVALENT STUDENT (FTES)** - An FTES is a student workload measure that represents 525 class (contact) hours of student instruction/activity in credit and non-credit courses. Full-time equivalent student (FTES) is one of the workload measures used in the computation of state support for California community colleges.

**FUND** - An independent fiscal and accounting entity with a self-balancing set of accounts for recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein.

funds can only be used for construction, reconstruction, or replacement of facilities, including the furnishing and equipping of the facilities, or the acquisition of real property for facilities.

**GENERAL FUND-RESTRICTED** - The designation "Restricted" is used to account for resources available for the operation and support of the educational program that are specifically restricted by donors or other outside agencies as to their expenditures. Such externally imposed restrictions are contrasted with internally created designations imposed by the governing board. In general, unrestricted moneys can be used for any legal purpose deemed necessary. Restricted moneys are from a specific source which requires that the moneys be used for specific purpose(s).

**GENERAL FUND-UNRESTRICTED** – The designation "Unrestricted" is used to account for resources available for the general purposes of each community college district's operation and support of its educational program. Resources with uses restricted by donors or other outside agencies are accounted for in the General fund Restricted.

**GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) 34/35** – In November 1999, GASB issued Statements No. 34 and 35: “Basic Financial Statements – and Management’s Discussion and Analysis – for Public Colleges and Universities, an Amendment of GASB Statement No. 34”. GASB 35 specifies the reporting model format and focus of financial statements of state and local governments.

**GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) 45** – GASB 45 requires that non-pension benefits for retirees, such as retiree health care, be shown as an accrued liability on the budget, similar to pension benefits. Rather than using pay-as-you-go for retiree benefits,

GASB 45 requires an estimate of the future value of such benefits for its retirees and then calculates an actuarially-derived yearly expense to be shown on its budget. While GASB 45 requires only accrued accounting of retiree benefits, failure to then fund the calculated annual liability may have additional audit and credit consequences.

**INFLATION FACTOR** - An increase in apportionment provided by the state to reflect the increased cost of operation due to inflation.

**INSTRUCTIONAL ACTIVITIES AND EXPENDITURES** – Expenditures for full-time and part-time faculty are considered when determining the costs of instructional activities.

**LOTTERY** - Approved by voters in November 1984, lottery games began in October 1985. Of the total lottery revenues generated, a minimum of 34% must be distributed to public schools and colleges for “education of pupils”. Lottery income has added about 3% to 4% to community college funding.

**MANDATED COSTS** - College district expenditures which occur as a result of federal or state law, court decisions, administrative regulations, or initiative measures.

**MANDATORY ACTIVITIES AND EXPENDITURES** – Costs from all full-time salaries and benefits (other than those directly related to instruction), contractual obligations, and operational requirements such as utilities, housekeeping, telephones, and trash removal are considered mandatory when preparing the budget. There are opportunities for identifying efficiencies within these areas.

**MARGINAL FUNDING** - A procedure whereby the gain or loss in funds for growth or decline in FTES is computed at a rate which is less than the average revenue per FTES.

**MASTER PLAN** - (sometimes called the Educational and Facilities Master Plan) – a written plan that results from a process by which the college assesses the needs of its educational service area and assures that all of its educational operations, facilities and other resources are effectively directed toward meeting those needs. A master plan includes chapters on the following: strategic plan, educational plan, technology plan, facilities plan, staffing plan, and resource plan.

**NON-CREDIT FTES** - FTES earned in non-credit courses, generally adult education.

**NON-RESIDENT FEES** - Students who have not been legal residents of the State of California for one year must pay non-resident fees to attend community colleges. These fees, which are set by the Board annually in accordance with State regulations, are currently \$160 per unit (2006-07).

**OBJECT** - Expenditure classification category of an item or a service purchased.

**OTHER TRUST AND AGENCY FUNDS** - Other Trust and Agency Funds are used to account for all other moneys held in a trustee capacity by the college or district for individuals, organizations, or clubs. Expendable trusts are established when the principal may be expended or disbursed. Such funds may be established and maintained in the appropriate county treasury or, as an alternative, the governing board may establish a bank account for each fund.

**PLANNING AND BUDGETING COMMITTEE (PBC)** - This committee serves as the steering committee for campus wide planning and budgeting. The PBC assures that the planning and budgeting are interlinked and that the process is driven by the institutional priorities set forth in the Educational Master Plan and other plans adopted by the college. The PBC makes recommendations to the president on all planning and budgeting issues and reports all committee activities to the campus community.

**PER CAPITA PERSONAL INCOME** - Income before taxes as estimated by the U.S. Department of Commerce.

**PARTNERSHIP FOR EXCELLENCE (PFE)** – In 1998, the State enhanced the community college budget on an FTES basis to be used to meet goals established for 2005-06 in 5 areas. Annual reports are submitted to the Board of Governors. Ed Code Section 84754 will sunset January 1, 2005.

**PROGRAM-BASED FUNDING** - A system whereby a program or activity generates revenue based on a formula or allocation without specifying where and how the funds must be spent.

PROPERTY OWNERS' TAX RELIEF - Residential property owners who occupy their own homes receive a property tax credit in California. As this results in reduced property tax revenues for tax-supported agencies such as community colleges, the State uses parts of its general revenues to cover the loss to the colleges.

PROPERTY TAXES - As described under "Apportionment", property taxes paid by district owners of residential and commercial property are a major source of funds for community colleges. For some years the State has adjusted apportionment to reflect actual property tax payments, so the total available to the colleges does not change as property tax payments rise or fall, but the State contributes more or less of the district's revenues from general revenues.

PROPOSITION 13 - An initiative amendment passed in June 1978, adding Article XIII A to the California Constitution. Tax rates on secured property are restricted to no more than 1% of full cash value. Proposition 13 also defined assessed value and required a two-third vote to change existing or levy other new taxes.

RESERVE - Funds set aside in a college district budget to provide for future expenditures or to offset future losses, for working capital, or for other purposes.

RESERVE FOR CONTINGENCIES – Funds set aside for a future emergency; a possibility that must be prepared against.

RESTRICTED FUNDS - Money which must be spent for a specific purpose either by law or by local board action.

REVENUE - Income from all sources.

REVENUE LIMIT - The specific amount of student enrollment fees, state and local taxes a college district may receive per pupil for its general education program. Annual increases are determined by Proposition 98 formula or the Legislature.

SCHEDULED MAINTENANCE - Major repairs of buildings and equipment which have been postponed by college districts. Some matching State funds are available to districts which establish a scheduled maintenance program. Prior to the 1997-98 fiscal year, the program was described as deferred maintenance.

SELF-INSURANCE FUNDS - (Education Code Section 81602) Funds designated to account for income and expenditures of self-insurance programs. This fund is maintained in the County treasury and used to provide for payments on deductible types of insurance policies and on losses or payments due to non-insured perils.

The funds account for all activities of the self-insurance program and are operated as Internal Service Funds using accounting principles applicable to insurance companies. In accordance with internal service funds accounting, the self-insurance funds charge other funds for their proportionate share of the estimated claims and expenses incurred, plus contingencies, and reflect the receipt of money as revenue.

Separate self-insurance funds may be established for each type of self-insurance or deductible activity (e.g., Workers' Compensation Self-Insurance Fund, Health Self-Insurance Fund, etc.); however, these separate funds may be consolidated into one self-insurance fund for state reporting purposes.

The balances of the self-insurance funds are restricted and cannot be considered part of the working cash available to other funds in the district.

**SHORTFALL** - An insufficient allocation of money, requiring an additional appropriation or resulting in deficits.

**SPLIT ROLL** - A system for taxing business and industrial property at a different rate from individual homeowners.

**STATE APPORTIONMENT** - An allocation of state money to a district based on total available general revenues less property taxes and enrollment fees.

**STRATEGIC PLANNING** – A proactive, future-oriented process that includes external analyses designed to determine the needs of the service area, and internal analyses designed to assess the college's ability to meet those needs; focus is on the next three to five years.

**STUDENT FINANCIAL AID FUNDS** - Funds designated to account for the deposit and direct payment of government-funded student financial aid, including grants and loans or other moneys intended for similar purposes and the required district-matching share of payments to students.

**SUBVENTIONS** - Provision of assistance or financial support, usually from higher governmental units to local governments or college districts, for example, to compensate for loss of funds due to tax exemptions.

**SUNSET** - The termination of the regulations for a categorical program or regulation.

**TIDELANDS OIL REVENUES** - Money from oil on state-owned lands. When available, some of the revenues are appropriated for community college capital outlay needs.

**TOP CODE** - Taxonomy of Programs code number used in budget.

**UNENCUMBERED BALANCE** - That portion of an appropriation or allotment not yet expended or obligated.

**UNFUNDED FTES** - FTES which are generated in excess of the enrollment/FTES cap.

**WSCH** - "Weekly Student Contact Hours" are estimated hours of student "contact" with instructional personnel. WSCH, in turn, is the major element in the formula used to calculate FTES/ADA.
