Government Code Sections 53201 and 53208.5

Board of Trustee members is eligible for District medical, dental, and vision insurance as provided to Compton Community College District employees. New Board of Trustee members may make a selection upon joining the Board of Trustees and may change plans during the District's annual open enrollment period.

Any excess costs each year shall be paid by the Board of Trustee members. In the event, a Board of Trustee member selects medical, dental, and vision insurance that exceeds the available net payment (gross payment less other deductions), the member will be invoiced each month and will be responsible for reimbursing the District.

In the event a Board of Trustee member selects less than a full benefits package (medical, dental, and vision, and waives the health package), they are not eligible to apply the difference to the tax shelter annuity or similar use.

In the event of an unexcused absence from a meeting, the Board member will not be entitled to compensation for that particular month. In that case, the medical, dental, and vision costs for that month will be invoiced, and the member will be responsible for reimbursing the District.
