

COMPTON COMMUNITY COLLEGE DISTRICT ADMINISTRATIVE REGULATIONS

AR 4021 Program Discontinuance

Issued: May 15, 2018

Reference:

Title 5, Sections 51022, 55000, 55130
ACCJC Accreditation Standard II.A.15 & 16

Purpose of Administrative Regulation 4021

This administrative regulation provides general principles and guidelines for the process of assessing program effectiveness to determine whether or not the college should discontinue an educational program. The discontinuance of an educational program means that the sequence of courses will no longer be offered in a form that will lead to the approved degree or certificate, although all or part of the curriculum may be retained.

Definition of an Educational Program

An educational program is an organized sequence of courses consisting of applicable coursework leading to a defined objective, degree, certificate, license, or diploma approved by the California Community Colleges Chancellor's Office; or leading to transfer to another institution of higher education.

Process for Discontinuance

Discontinuance is an academic and professional matter that requires consultation between the Office of the Vice President of Academic Affairs and the Academic Senate. Program discontinuance may be initiated by individual academic divisions or the Vice President of Academic Affairs. A consideration of program discontinuance is a process distinct from program improvement or academic program review. The Board will rely primarily on faculty expertise on academic and professional matters and the Academic Senate shall have a consultative role in all discussions of program discontinuance.

A program evaluation task force shall be formed as determined by the President of the Academic Senate and the Vice President of Academic Affairs to review any program under consideration for discontinuance. It will be co-chaired by the President of the Academic Senate and Vice President of Academic Affairs (or their designees).

Participants will include two academic deans designated by the Vice President of Academic Affairs and two faculty members appointed by the President of the Academic Senate. A representative from Institutional Research and Planning will serve as an advisory, non-voting member of the committee.

The committee may include additional members approved by both the President of the Academic Senate and the Vice President of Academic Affairs. Deans and faculty affiliated with the program under review may not serve on the task force but may be invited to provide relevant information.

The task force will establish procedures, criteria, and guidelines and will collect data and conduct research necessary to evaluate the program's effectiveness in serving the community, the college, and its students. Areas for review should include achievement of the program's goals and objectives as they contribute effectively to the mission of the college and the comprehensive master plan, previous intervention strategies, program growth and enrollments, and student outcomes measures, such as success and persistence rates.

Factors such as the following may initiate this program discontinuance or reduction process and may be used by the task force in its deliberation:

- Other community colleges in the area currently offering the program;
- Other programs closely related to the program offered by the college;
- Relation of the program to job market analysis, where applicable;
- Enrollment projection for the program courses;
- The need for and present adequacy of resources;
- Recommendations of career technical education regional consortia and/or Compton College advisory committees, when applicable;
- Facilities and equipment required to sustain the program;
- Availability of adequate financial support; and
- Availability of qualified faculty.

Vocational or occupational training programs must be reviewed and discontinued if they are no longer accomplishing the following statutory goals:

- The program meets a documented labor market demand;
- The program does not represent unnecessary duplication of other manpower training programs in the area; and
- The program's demonstrated effectiveness can be measured by employment and completion rates of its students.

Recommendation

A recommendation to discontinue or reduce a program will occur when, after a full and open discussion, the members of the task force conclude that the program is unable to successfully achieve or make substantial progress towards its goals and objectives. The recommendation will be presented in a report that explains the decision and provides the relevant data.

The task force will forward its report to the President/Chief Executive Officer, who will review the report and make the final recommendation, if any, regarding discontinuance to the Board of Trustees.

If the Board of Trustees decides to discontinue a program, the college will make appropriate arrangements so that the program's enrolled students may complete their education in a timely manner with a minimum of disruption. The college will also address contractual obligations to program faculty and staff.

Consideration of Collective Bargaining Rights

Nothing contained in this regulation is intended to infringe upon, diminish, or supersede any collective bargaining rights established for employees of the District. It is the intention of the District that consideration of issues appropriately under the scope of bargaining be addressed

through the regular processes established for such consideration by the District and its collective bargaining units.
